

GREAT WONDERS

**HAARP LIGHTNING,
STAR WARS,
THE DEATH RAY,
BIBLE PROPHECY.**

**The Reason
The Russians Dumped The Communists**

**And he doeth great wonders, so that he maketh lightning fire
come down from heaven on the earth in the sight of men.**

Revelation 13:13

Some **UNIVERSITY OF ALASKA** scientists and the **United States Air Force** have invented a way to tap the naturally occurring gigantic electric current in the **IONOSPHERE** and turn it into **lightning bolts**. The Air Force now has the ability to aim lightning bolts at any target in the world.

HAARP LIGHTNING

This pre-publication manuscript has not been proof read nor has it been completely edited. You are encouraged to send any comments to the author along with your proof marks.

First printing, 100 booklets pre-publication manuscripts. June 1997.
Second printing, February 1998.

This just in:

WORLD NEWS TONIGHT WITH PETER JENNINGS. ABC. Tuesday, February 3, 1998.
Summary of his report. The U.S. Senator (I didn't catch his name) from ALASKA justified the fact that the U.S. Government grants ALASKA about 100 times more money per person per year than they grant to all the other states. The reason: The billions of dollars are for the CRAY computer at the UNIVERSITY OF ALASKA at Fairbanks. It is being used to **tap the electrical energy in the IONOSPHERE.**

Thank you LORD for this timely conformation that many items in this report are right on. You gave it to us, first.

HAARP in the hands of a benevolent leader is a tool of immense value to prevent famine on the earth, and therefore improve the quality of life. It is as important as the discovery of penicillin. However, in the hands of the people whose motive is to gain money, it has the possibility to destroy all life as we know it. I pray God uses this new tool of potential healing of the earth by putting this immense power in the hands of moral, ethical, principled and God fearing people.

MARCELLENE CURRENS, June 1997.

+++++

Abstract: A postulate is advanced stating that the United States Air Force has discovered and demonstrated a way to produce man made lightning and aim it at any spot on the earth that they want to destroy.

A BIBLE prophecy demonstrates that HAARP will eventually be used to STOP WARS. An interesting presentation uses the book of Revelation and its frightening prophecies to show how HAARP will defeat the Central Banks (and the International Monetary Fund) and will eventually eliminate the evil USURY system from the earth.

A presentation shows that the willingness to spend massive amounts of money on HAARP is because HAARP has already demonstrated its effective use as a space war weapon.

Using well defined deductive and inductive logic (objective and subjective thinking), this paper postulates a scenario that HAARP has already been used to short (shunt) the massive natural electric current in the ionosphere, then superimpose the current on natural Red Sprites and Blue Jets, and direct it as a massive lightning storm at selected targets on the earth.

The author has personally visited HAARP and talked directly with the HAARP scientists face to face. He held critical HAARP parts in his hands for examination. He is an acknowledged electronics industry leader and a rocket engineer with 30 years of radio engineering experience which helps to solve HAARP questions. He also has been a professional Bible teacher for the last 30 years, with some overlap.

Another postulate demonstrates that the United States Air Force has already used HAARP to defeat RUSSIA and eliminate Communism.

A lengthy historical outline is presented to identify the timing of the "window of

opportunity” wherein **HAARP** lightning bolts were used to force **RUSSIA** to capitulate to our demands.

This paper supports concerns and highlights features that indicate unsafe conditions and unsafe **HAARP** operations.

Lastly, science and theology are refreshingly integrated in this view of **HAARP**.

A copious index makes the study of this report relatively easy.

In the text, postulates are presented in italics in order to facilitate their identification.

DATE

23 September, 1996, Feast of Tabernacles, Day of Atonement, Yom Kippur, Tishri 10. (Many updates were made during the following several weeks and months.)

SALUTATION

To my friends who believe that our GOD is in control, and everything is happening according to a great plan that was developed more than 6000 years ago and was delivered, in parts, and at different times, to many different prophets of GOD.

INTRODUCTION

"He has loosed the fateful **LIGHTNING** of his terrible swift sword." Most people

will recognize the first stanza of Julia Ward Howe's BATTLE HYMN OF THE REPUBLIC. It's rather prophetic.

LIGHTNING

After listening to the lectures the **United States Air Force** (acronym **U.S.A.F.**) representatives gave in Alaska, I decided that there is evidence that a **U.S.A.F.** program called **HAARP** has developed a way to bring **lightning bolts** down from the sky upon selected targets on earth. **HAARP** is a weapon of war, like no other.

HAARP

HAARP is an acronym for the **H**igh - frequency **A**ctive **A**uroral **R**esearch **P**rogram of the **U.S.A.F.** It is part of the **Star Wars**, also known as the **S**trategic **D**efense **I**nitiative (acronym **S.D.I.**). *Revelation 13:13, And the false prophet (he) doeth great wonders, so that he maketh **HAARP lightning bolt** (fire) come down from heaven on the earth in the sight of men.*

NEW OMINOUS WEAPON

It appears that the United States has invented a new ominous weapon that rivals the atomic bomb in strategic offensive use.

Some covert people in the **U.S.A.F.** know a lot about the importance of **HAARP** and the way it works. But there are indications that very few scientists and application engineers at the

University of Alaska at Fairbanks know very much about **HAARP's** war use, yet.

Postulate: The possession and demonstration of this new weapon by the U.S. is the real reason that the Union of Soviet Socialist Republics (acronym U.S.S.R.) has folded up their government and kicked out the communists without openly fighting us. There was a secret war between the U.S.A.F. and the U.S.S.R. The U.S.A.F. won. The communists lost.

OTHER WRITERS

The Popular Mechanics magazine, February 1997, broke the news to the general public about the **U.S.A.F.** control of the weather and **lightning bolts**.

Other confirming scientific reports of the last two years are listed at the end of this report. This is all very new, and confirming stories are popping up in various magazines.

IONOSPHERE

When I visited the **HAARP U.S.A.F.** base in Alaska during the summer of 1996, the scientists reported that science has recently learned that the **IONOSPHERE** above the earth not only

produces the Aurora Borealis (Northern Lights) and the Aurora Australis (Southern Lights); it also contains giant electric currents in the magnitude of 1,000,000 amperes per square meter with a voltage drop of about 1 volt per linear meter. The electric current is the result of the solar (sun) wind. That is new and incredible to me.

I have presently decided to accept those new ideas about the electricity in the **IONOSPHERE** and proceed with them as facts because of recent magazine articles.

*Some **UNIVERSITY OF ALASKA** scientists and the **United States Air Force** have invented a way to tap the naturally occurring gigantic current in the **IONOSPHERE** and turn it into **lightning bolts**. The Air Force now has the ability to aim lightning bolts at any target in the world.*

The Holy **BIBLE** has some things to say about what happened. You'll find those **BIBLE** notes within this report in the right chronological place.

FACT OR FICTION?

Many facts are now reported to you, here. These are absolute facts. But, some covert people in the **U.S.A.F.** (and probably a few others) don't want you to know them. We must read their publicity releases between the lines. This report

will help you to know fact from fiction. I will not reveal any military secrets. Everything I report as fact is already well documented. References are provided at the end of this report.

We must also discredit some things our government has told us. Military men are taught to lie about their secrets. Christians are taught to tell the truth. A conflict? Yes.

The following facts, events, and postulates are cataloged for you and other analysts to use in order to find supplemental information which I suspect will confirm and perhaps prove the enclosed postulates. Some people will use the traditional library looking at old newspapers. Others will use the new INTERNET. God bless your efforts.

END OF THE COLD WAR

*Postulate: There is reason to believe that when the leaders of the U.S.S.R. saw the awesome foreboding power of our new **HAARP LIGHTNING BOLT** weapon they ended the cold war and capitulated (to surrender, often after negotiation of terms) to the will of the U.S.A.F.*

The U.S.S.R. changed their whole form of government and way of life like the Japanese did when they were hit with our atomic bombs.

WHAT? WHO? WHY? WHEN? WHERE? HOW?

Why am I interested in **HAARP**? Because it fell into my lap bringing fond memories from my engineering past and because my present theological studies indicate **HAARP** may be the fulfillment of frightful **BIBLE** prophecies of the future, which also consume my interest.

SCIENCE OR RELIGION?

Do science and religion always have to be in a fight? Can we peacefully look at a new subject and help each other along? I hope so because I'm a scientist and a theologian.

My Dad was a carpenter bridge builder and I would like to follow in his steps and build a bridge here.

Is it possible to engage in lively debate about **HAARP** without bringing attacks on the personality of an opposing researcher? I hope so.

I believe I was led into something about **Star Wars** that is balefully incredible. I wasn't looking for it at all. It just happened.

I was scheduled to teach some **BIBLE** lessons in Alaska the summer of '96. A friend who knew my schedule sent a book about **HAARP** because **HAARP** is in Alaska. I read it a month before my scheduled trip and learned a lot.

A church in the state of Washington provided the finances for our trip to

Seattle. We enjoyed a good **BIBLE** teaching and learning time with our old friends. Another church in Alaska provided our finances from Seattle to Alaska. We enjoyed another good **BIBLE** teaching and learning time, this time with brand new friends. They set up the Alaskan **BIBLE** teaching schedule and we had Saturday off.

OPEN HOUSE AT HAARP

Fortuitously, the **U.S. AIR FORCE** scheduled an open house at the **HAARP** base that same Saturday I had off. My host graciously drove me 3 1/2 hours to the **HAARP** site at Gakona. We visited 4 hours and asked a ton of questions. I learned some new things. Then we drove back another 3 1/2 hours. A long day.

Were all the schedules a coincidence or was God in charge of everything, including finance? I think our **GOD** wanted me to be there and visit the **HAARP**.

On the trip home in the airplane, I deductively divided a few thoughts.

- A lot has to do with **BIBLE** prophecy.
- At home I looked up quite a few other associated things and inductively put a few facts together in the computer.
- A lot has to do with **what** happened.
- A lot has to do with **when** things happened.

*My fateful conclusion is that **HAARP** and the fall of the **U.S.S.R.** are very closely connected. This might be very important to you.*

WHAT HAARP IS LIKE

For a fact filled description of **HAARP** and a well presented postulate calling for civilian oversight of **HAARP**, the **U.S.A.F.** and the **U.S. NAVY (U.S.N.)**, see **ANGELS DON'T PLAY THIS HAARP** (**Advances in Tesla Technology**), by Dr. Nick Begich, Earth Pulse Press, P.O. Box 201393 Anchorage, Alaska 99520. That's the book I read.

Another well documented article on **HAARP** and the **U.S.A.F.** open house, Saturday August 3, 1996, is in the **ANCHORAGE PRESS**, Vol. 5, Ed. 31, 702 West 32nd Ave., Ste. 203, ANCHORAGE, AK 99503. (907)561-7737).

We picked up that newspaper in a grocery store in Anchorage; and that is how we found the details about the open house. Here is a sample of what the article said in its introduction.

"Oil money, the military and experimental, high-powered technology have combined to make an explosively controversial package - and a lot of gossip. Rumors circulate of blackouts on

The real major reason is to improve the range, improve the angular accuracy and improve the predictability of the location of the *lightning bolt* impact spot. I don't think our Congress is in the mood to spend the giant sums of money for **HAARP** in order to satisfy the curiosity of some scientist. I think scientific curiosity is near the bottom of the list of priorities.

The INTERNET is full of stuff on **HAARP**. Some is right. Some is wrong.

POPULAR MECHANICS

The February 1997 issue of **POPULAR MECHANICS** (PM) deals with **weather** modification by the Air Force. "A declassified version of a two year study prepared by the Air War College and obtained by PM reveals that this is no dreamland.

Airborne lasers would cause *lightning bolts* to discharge over the airframes of attack and surveillance aircraft.

U.S.A.F. planners hope to give 21st-century warriors advanced technology that will enable them to own the **weather**."

How are they going to do that? We think they've done it already, and here's how.

NEW HAARP AT GAKONA ALASKA

The first **HAARP** was in Fairbanks. It only had 9 antenna towers. The new **HAARP** at Gakona will consist of 180 antenna towers and 180 transmitters, which are 10,000 watt **linear** amplifiers housed in temporary 18 wheel trailers. They connect through massive transmission lines to the 180 towers that support 360 antenna arrays (180 north-south polarized arrays and 180 east-west arrays, i.e. two arrays per tower) situated very close together. They are so close, that the adjustments on one transmitter/antenna array affects and changes the settings on the adjacent transmitter/antenna array. The massive antenna array occupies about 33 acres.

HAARP is located near mile marker 11.3 on the Tok cut off between Gakona and Tok. This is not a secret. Many newspapers locate **HAARP** this way.

The installation does not look like a government sponsored research facility. It looks more like a tight budget industrial laboratory.

But looks are often deceiving. It also reminds me of the Navy installation when we were building the Radar Station and ship base at Thule, Greenland in the '50s.

FREQUENCY

The frequencies of transmission range from 2.8 to 10 Megacycles (Megs.). That's the short-wave band. The

frequency is changed instantaneously while in operation to compensate for natural variations in the weather and variations in the **IONOSPHERE**. The need for an instant frequency change is the reason for so very much research and applied engineering. Instantaneous frequency change is a new technology. There has never been anything like it.

Also, the requirement for instantaneous frequency change caused the necessity of changing from the tuned circuit transmitters, like we used in the past, to 10,000 watt **linear** amplifiers, because they don't require re-tuning after every frequency change.

POWERFUL

Total power is 3.6 million watts (3,600,000) which is high power but not extremely high.

The impact statement alarmingly admits that **HAARP** raises human internal body temperature. It can ignite road flares inside auto trunks. **HAARP** scrambles aircraft instruments.

HAARP is not a nice place to be around when it operates. It operates from remote control, with the operators tucked safely away in a remote bunker. In the matter of safety you will find a lot of conflict between what the **HAARP** scientists are presently saying and what the Department of Defense reported in the **HAARP** environmental impact statement.

SHORT HISTORY

ARCO began the enigmatic **HAARP** project in the early 1980s which coincides perfectly with the events leading up to the end of communism in the **U.S.S.R.** Incredibly and unbelievably, **ARCO** said they wanted to sell natural gas to power the station. They implied that was their only interest. But, really **HAARP** doesn't use a fraction of the gas used by a small sized city. **HAARP** does not use enough gas to justify **ARCO's** large monetary investment in **HAARP**. **ARCO** had to be involved for another yet unknown reason. That story has to be an ambiguous cover-up for something.

A book came with some potential answers.

In 1946 the **STANFORD RESEARCH CENTER (SRC)** (also known as **STANFORD RESEARCH INSTITUTE (SRI)**) was founded to help Robert O. Anderson (and Charles A. Anderson) and the **ARCO** oil company. **ARCO** had secured oil rights on the north slope of Alaska.

Anderson's **ASPEN INSTITUTE** was too small to handle the north slope. The **SRI** received money from international

banks and developed into a giant of 4000 people spending \$160 million per year.

In 1970 the Legislature of Alaska adopted the **SRI** proposal for development of the north slope. Charles A. Anderson and Professor Willis Harmon were bosses. David Sarnoff (**RCA**) was part of the deal.

By 1980 **HAARP** came along as a mysterious project because **HAARP** needed the Alaskan sky with its massive electric currents. **ARCO** took **HAARP** under its wing and helped it along until the military use became obvious.

Then the covert military group took **HAARP** over from the scientific group. But they kept the scientists working to develop new uses and to work out old wrinkles.

That requires a program that gives the scientist everything he/she needs for their own area of investigation - but at the same time keeps the scientist in the dark about the covert military use. That's exactly the way the Nuclear Arms Division works within the Department of Defense.

EDWARD TELLER set up the Nuclear Arms Division years ago. And lately **TELLER** followed the same pattern when he placed **HAARP** within the Department of Defense. Now the press

releases usually result in confusion and raise more questions than they answer.

METHOD OF TARGETING HAARP.

Each transmitter antenna is focused by a modified **YAGI ANTENNA ARRAY**. That sends all the radiation straight up (or out).

HAARP moves the beam electronically, not like the old method that used mechanical movement of parabolic reflectors.

The powerful **RADIO BEAM** is tilted by triggering each transmitter with pulses, sent over glass fiber optical cable, that are slightly out of phase with the first pulse.

That produces a **PHASED ANTENNA ARRAY** that sends a **RADIO BEAM** that is capable of being tilted anywhere up to 30 degrees from the horizon.

That technology is presently used in our **PHASED ANTENNA ARRAY RADAR** systems in many airplanes. **PHASED ANTENNA ARRAY RADAR** technology is fairly new, but it is well known in radio engineering circles.

The equipment that produces the precisely timed optical pulses is very new. It is housed in a bunker far away from the big transmitter site. The **U.S.** has spent a lot of money and time to develop **HAARP**. Other countries are still trying to use electronic circuits to control the transmitters. That won't work.

A BIG PROBLEM

The **RADIO PULSE** first penetrates the atmosphere, then it crosses the **mesosphere** and it reaches the **IONOSPHERE**.

At the **IONOSPHERE** a strange thing happens. Some very high frequency **RADIO PULSES** shoot right through the **IONOSPHERE** and continue through the **magnetosphere** and continue through the **magnetosheath** and then buck the solar wind until they reach the sun.

Other lower frequency **RADIO PULSES** strike the **IONOSPHERE** at an angle and are reflected back to the **earth** as though the **IONOSPHERE** is a giant curved mirror about 60-120 miles above all points of the earth. Those are the pulses that **HAARP** wants to develop and control.

The main scientific categories that seem to control the behavior of the **RADIO PULSE** are the **frequency** of the pulse,

the **time** of day, the **season** of the year, the presence or absence of **sun spots**, the **weather** pattern between the transmitter and the target area, and a whole lot of other things like **temperature inversion**.

Why are some **RADIO PULSES** reflected back to earth and why do some penetrate the **IONOSPHERE** like it wasn't there?

Scientists at the following listed places are working to fill in the blanks for those questions now:

- University of Alaska
- University of Minnesota
- Mission Research, Inc.
- Massachusetts Institute of Technology
- Stanford
- Pennsylvania State
- University of Maryland
- Marshall Space Flight Center
- Lawrence Livermore
- Air Force Phillips Laboratory, U.S.A.F.

POWER AMPLIFICATION

The **YAGI ANTENNA ARRAY** also amplifies the power, producing **Effective Radiated Power, (E.R.P.)** which produces amplification in the order of 10 times. That technology is old and fairly well known among radio engineers.

WHAT'S THE DIFFERENCE?

HAARP is medium short-wave frequency (2.8 to 10 Megs.) and most **RADAR** is very high microwave frequency (above 400 Megs.). **HAARP** does **not** microwave the sky as some articles erroneously report. But, **HAARP** does **ionize** the sky and cause **PLASMA** routs. That difference is very important to recognize as we shall see.

STRIKE FINDER LOCATES SPRITES

This just in: **AOPA PILOT MAGAZINE** (Aircraft Owners and Pilots Association, acronym **AOPA.**), November 1996. Inside back cover.

Quote, "STRIKE FINDER locates Sprites. The Space Shuttle astronauts have seen them - the spectacular red and blue flashes which rise to 60 miles above thunderstorms. Scientists call them Red Sprites and Blue Jets. When researchers wanted to record this phenomena, they turned to Insight for help.

(Note: INSIGHT is the name of an electronics company that manufactures equipment for airplanes).

Little is known about these high altitude optical emissions except that they are linked to lightning bolt activity.

Accordingly, when the NATIONAL AERONAUTICS AND SPACE ADMINISTRATION (acronym NASA), sponsored research team from the

University of Alaska went searching for the origin of these flashes of light, their high altitude jet was specially equipped with Insight's **Strike Finder** Weather Avoidance System. --- For your **FREE STRIKE FINDER** Pilot's Guide and a copy of this exciting research project abstract Call (716)852-3217." End of quote.

A beautiful full color photograph shows a Red Sprite bringing electricity through the illuminated ionized plasma within the area of the **IONOSPHERE** to the top of a giant thunderhead cloud.

"I'm thrilled for the confirmation" is a very mild expression of the way I feel. It adds to this story and supports my postulates.

Scientists are not supposed to have or to show emotion about their findings, but I'm also a **BIBLE** student and **BIBLE** teacher.

Emotion is OK in religious circles, so excuse me. Please allow me to emphasize for effect:

Red Sprites and Blue Jets are linked to lightning bolt activity. This brand new information has just been released by the University of Alaska.

*Postulate: HAARP is a man made substitute for mother nature's Red Sprites and Blue Jets. HAARP is designed to provide an **ionized plasma path** for early stage Red Sprites and Blue Jets. HAARP directs the plasma path to*

*wherever the U.S.A.F. wants the **lightning bolt** to impact. The U.S.A.F. can cause **lightning bolts** to strike wherever they want. What an awesome portentous weapon!*

The electricity from the Red Sprite is changed in the cloud into the normal form of electricity with which we are familiar, **lightning bolts**.

This scientific information is the sword point of many new things. You are reading about the beginning of a whole new scientific discipline.

The Strikefinder advertisement continues, in part, "**The research team from the University of Alaska,**" That's in Fairbanks. **HAARP** management is in Fairbanks at the University of Alaska. The blurry plot thickens.

ARCO just lost an airplane doing high altitude research in Alaska. The thickening plot is murkier.

A jet pilot Captain just told me that at those heights (60,000 ft.) there is not enough air passing over the control surfaces of the airplane. The pilot loses control. The pilot told me that when he was flying that high his airplane began to shake and change pitch. He immediately took her down to thicker air.

He told me that the phenomena is most pronounced at the poles of the earth where the air is thinnest. That's why **ARCO** just lost an airplane while

researching **HAARP** and the **IONOSPHERE** at the north pole.

How about that magazine coming here at the same time I'm looking for materials to confirm these postulations? Everything about **HAARP** and my own new involvement seems pretty amazing to me.

At our church we call it the Hand of **GOD** directing our ways. I should also admit that now I'm on the lookout for such stuff. And for the record, the Jet Pilot Captain pointed me to the **SPRITE** story in the **AOPA** magazine because he knew I was interested.

So I sent to **INSIGHT** for the abstract of the report of the research project on **RED SPRITES** and **BLUE JETS**. It's listed with a lot of others in the Bibliography section at the end of this report.

RED SPRITES AND BLUE JETS

It has been discovered within the last few years that the **IONOSPHERE** is connected to the top of the thunderhead clouds by **RED SPRITES** and by **BLUE JETS**. This discovery has led to a lot of work on **weather modification** and/or control.

HAARP can trigger rain storms.

HAARP may be used to wring water out of clouds before they arrive at a spot where any more water may cause a destructive catastrophe. That could be a wonderful benefit to mankind. That humanitarian use of **HAARP** could motivate nearly every University Scientist to give **HAARP** his/her best shot. But there is another group who have covert ideas of using **HAARP** as a tool of destruction.

chance that **HAARP** can affect the weather (page 8, last paragraph).

At first, **HAARP** said they would **manipulate** the **weather**, using terms that describe using *lightning bolts* to hit a target area. Later, **HAARP** said it couldn't do that.

That's cause for suspicion in any analysis.

The **Air Force** is changing their song too many times about a *lightning bolt* **weapon** and about weather modification.

HAARP WILL MAKE STORMS?

A Department of Defense document dated 1990 outlined one **HAARP** project goal as, "Manipulating local weather patterns anywhere on the globe by heating up the **IONOSPHERE** above a targeted area, creating a **storm front** for combat advantage." That sounds like hitting a target area with *lightning bolts*. **HAARP** experiments have come so close to that truth that military people have had to change their story.

Too many cooks spoil the stew.

HAARP has had too many bosses (cooks), conflicting the story of former bosses (spoilng the secrecy of the *lightning bolt* weapon).

The same booklet said the **HAARP** program is completely unclassified (page 9). Perhaps the name **HAARP** describes the open scientific civilian arm and another secret **U.S.A.F.** name may describe the other covert arm of **HAARP**. The reason that there is a lot of controversy about **HAARP** is that reporters are picking up pieces of news from both the scientific group and the covert military group, and the resulting stories contradict themselves.

HAARP CAN'T MAKE STORMS?

For instance, the **HAARP** public information booklet given to us visitors at the open house said that there is no

A person asked me, "If they want to cover **HAARP** up, why did they publish the Sprite material in the first place?"

Good question. The answer is in the last sentence of the article. "This work was supported in part by the National Aeronautics and Space Administration under Grant NAG5 - 5019 and the National Science Foundation under Grant ATM - 9217161." They had to publish to get their money.

The scientific group wants to talk about their discoveries concerning the connection between Sprites and *lightning bolts*.

Another covert **U.S.A.F.** group is more concerned with the military use of **HAARP**. So there are indications that the article was clouded to keep us from learning more. Quite suspicious, Mister Watson. Don't you think?

TWO OPPOSITE CAMPS

Much of the literature that is published about **HAARP** says the project is controversial. There's a reason. When we listen to the scientists and read their reports, it all seems innocuous. (Not worth worrying about.) But, when we observe the **HAARP** project within the context of history and give an ear to the dissenting scientists it seems like we move between two opposing camps. And that's right. There is a community of scientists who have not heard about the war use of **HAARP**. They seem like

good guys to me. They are open and transparent. I believe them.

I'm old enough and have enough personal experience in government operations to recognize a cover up - especially **HAARP**. That's when I realized there is another covert group involved. They are in the Department of Defense (DoD). They are vitally interested in developing **HAARP** for war use. The scientific community doesn't seem to know much about the covert war group.

What an ingenious way to develop a secret project.

EDWARD TELLER, FATHER OF OUR "H" BOMB

*Postulate: And who has the genius to steer a big project like **HAARP** to completion while keeping the left hand from knowing what the right hand is doing? **EDWARD TELLER**, the father of the Hydrogen Bomb. He has the expertise and experience to pull it off. He can keep the scientific community motivated while at the same time he can excite the covert military community enough to sell the project and receive massive financial backing. He did it before with the Hydrogen Bomb; he did it again with **HAARP**.*

WHAT IS INDUCTION AND DEDUCTION?

We shall be using inductive and deductive reasoning so we need to identify those types of thinking.

There are two ways to think. Socrates and Plato had an argument about how to think, and the argument continues to this day. Scientists think one way. Christians think another.

induction (science)

inference of a generalized conclusion from particular instances from the idea of adding fact(s) to fact(s).

deduction (Christian)

the deriving of a conclusion by reasoning; *specif* : inference in which the conclusion about particulars follows necessarily from general or universal premises; from the idea of dividing fact(s) from fact(s).

LOGIC

Theologians start with **axioms** and **deductively divide** facts from facts and develop routes that bring answers toward **postulates**.

2 Timothy 2:15, Study to shew thyself approved unto God, a workman that

needeth not to be ashamed, rightly **dividing** the word of truth.

Conversely, scientists start with **postulates** and **inductively** add facts to facts developing routes that bring answers toward **axioms**.

BIBLE students are a special class. We **inductively** study the **BIBLE**, adding facts to facts, while we try to be **deductively** led into all **axiomatic** truth by the Holy Spirit.

This report is a combination of both **inductive** and **deductive** logic. And it is true that some of my conclusions are from extrapolation of the facts and some are from interpolation of facts.

INDUCTIVE OR DEDUCTIVE?

Here's an example of **deductive** and **inductive** thinking.

There's a big difference in the way that the two groups in our police department think and work.

The uniformed police are usually the first to arrive at a murder scene. They think and act **inductively** by taking pictures, picking up every piece of evidence, taking finger prints, blood samples, etc., and adding facts to facts.

Next come the detectives. They think and act differently. Sure. They try to

help the police by looking around to see if all the evidence has been picked up. But, they soon change.

Who was the first on the scene? Who phoned in the report? Who was last seen with the victim? The detective suspects everyone. The detective develops scenarios that accuse every person; in other words, the detective deductively starts with the answer.

As the detective starts with a suspected person he/she deductively divides the scenario into sections and then introduces the evidence that the uniformed police have picked up. Somewhere along the route of deductive logic the evidence will conflict with the scenario the detective made up. He/she will then report that person is no longer a suspect. (We hope).

The uniformed police **inductively** add, and add, and add. The detective deductively divides the supposed answer until it won't work. Then the detective starts on another person, if he can.

That's why the Federal Bureau of Investigation (acronym F.B.I.) would not even give a tiny apology for ruining the life of Richard Jewell, when they grudgingly removed him from the list of suspects in the Atlanta Olympic Park bombing investigation. They acted toward Jewell like they usually act toward every suspect. While the process of criminal deduction continues,

thousands and thousands of innocent suspects have suffered untold agony at the hands of the F.B.I. and other such detective operations.

But, deductive logic doesn't have to be bad like that. The unreparable harm comes when an overbearing detective jumps to conclusions much too early in the deduction process. They bully and trick the innocent suspect.

They release lies to the press in an attempt to get the suspect and/or other suspects to talk. Far too many city detectives and F.B.I. agents act in manners that indicate they are not gentlemen. Such overbearing detectives give deductive logic a bad name. They abuse the authority that the law gives to them; and they abuse the innocent suspects, too.

Their misuse of deductive logic, and their abuse of authority, relegates them to a low place in our society.

The T.V. show MURDER SHE WROTE spends the first 45-50 minutes **inductively** presenting facts and evidence, adding facts to facts. At the end of the show Angela Lansbury assumes the posture of a cultured lady as she assembles all the suspects into the same room and addresses each person. "I thought you could be the guilty party, but this evidence said not so." She repeats the thought addressing each person. Finally she addresses the murderer, "When I deduced that you

were the one, all the evidence confirmed it.”

The twist that makes the Sherlock Holmes plot and the MURDER SHE WROTE plot so compelling is that there is not enough evidence presented in the story to point conclusively to the guilty party.

The only way to solve the problem is to deductively assume the answer and then divide to the facts. The facts then prove the innocent person is innocent. But, when the detective starts with the guilty person in mind, the facts support the deduced conclusion. That's deductive thinking in it's fine tradition.

We are going to have to use deductive analysis to solve the **HAARP** questions. But, first we will have to act like uniformed police as we inductively gather all the facts about **HAARP**, adding facts to facts.

Finally we shall act like detectives and deductively form a scenario conclusion and see if it is supported by all the facts we can gather.

Why do we have to approach **HAARP** that way? Because the **U.S.A.F.** has used every trick in the book to hide the evidence from us.

We'll have to inductively gather (add) as much as we can find and then we'll have

to deductively (using division) analyze our suspicions. We'll find the truth even though we don't have all the facts.

POSTULATES

I have chosen to **postulate** a few scenarios for your analysis.

These **postulates** are well identified in this text. They are completely distinguished from the facts. I do believe that they will change from **postulates** to **theorems** and finally to **axioms** as time follows and new and more facts come to light.

Do you remember **postulates, theorems,** and **axioms** from when you took Geometry II?

postulate

hypothesis advanced as an essential presupposition, condition, or premise of a train of reasoning

When a Roman Catholic girl first enters a nunnery she starts as a **postulate**, because she is yet unproved. Yes. That's what the church calls her - a postulate.

theorem

1. a formula, proposition, or statement in mathematics or logic deduced or to be deduced from other formulas or proposition

2. an idea accepted or proposed as a demonstrable truth often as a part of a general theory

A **theorem** is more proven than a **postulate**, but is not yet universally accepted, as is an **axiom**.

axiom

1. a maxim widely accepted on its intrinsic merit
2. a statement accepted as true as the basis for argument or inference :
3. an established rule or principle or a self-evident truth

Adapted from 1996 Zane Publishing, Inc. and Merriam-Webster, Incorporated

And, who am I to offer postulates about **HAARP**? I held a Radio Engineering license over 40 years ago. In the Korean War, I was in charge of all the electronic equipment on a submarine. I have worked with this kind of stuff all my life. I personally built some of the equipment I will be telling you about. I was an Electronic Technician and later became an Electronic Engineer, until mid-life when I also became a full time **BIBLE** teacher. I had to have both backgrounds to be able to study and discover these facts and then develop these **postulates** from deductive logic and inductive logic.

CIRCUMSTANTIAL EVIDENCE

There is much circumstantial evidence to support the postulates about **HAARP** that I will advance in this report. Up to now I have not been able to find the "smoking gun." No one has confessed. Up to this point, no inspector, and/or analyst has discovered the keystone that holds the whole **HAARP** story together.

But there are multiples of facts, that when looked at together, tend to settle the questions that unsettle our minds.

Sadly we must observe that the evidence is circumstantial. How much circumstantial evidence is necessary to establish a truth?

In our justice system people are found guilty and even executed on very little circumstantial evidence. In our society people believe what they want to believe, often in spite of the evidence. No one can be forced to believe something against their will. But it is possible to trick a person into belief and/or unbelief. Some people call that politics.

A high percentage of our citizens need to believe everything our government tells them, no matter what the evidence says. A growing percentage of our citizens distrust our government and tend to believe the opposite of everything the government tells them.

The evidence that supports these postulates is presently circumstantial.

I believe that in the near future we will find hard evidence that proves these postulates. Then the whole story will become more believable to everyone.

Presently we must approach **HAARP** like it is a Sherlock Holmes mystery.

We shall solve the mystery like the cultured and gentlemanly Inspector Holmes solved his mysteries. Deduction, Mister Watson. Simple deduction.

FAMILIAR AND COMPELLING

Now I intend to **postulate** the results of some of my observations for your analysis. Yes. It's technical. But so is the **BIBLE**. This may read fast, and may read slow, and it may be hard to read and understand, but I ask you to continue reading anyway because you'll come to a following section that will be familiar and more compelling.

METHOD OF TURNING RADIO ENERGY INTO A LASER RADIO COHERENT WAVE.

THE STAR WARS DEATH RAY.

This technology is brand new, and is the main breakthrough that produces such massive amounts of power in the DEATH RAY.

HOW?

Remember when you splashed the water out of the bathtub when you were a kid? It worked the same way that **HAARP** works. You started a wave with your hand or foot.

You learned you could make the wave larger if you moved your hand with the wave as it reflected from the end of the tub. The wave reflected from end to end of the tub and you kept adding energy to the wave with your hand as it passed by.

You had to learn to **time** the stroke of your hand just right. At some point the wave got too big for you to control. It jumped out of the tub, and you couldn't stop it. Your Mom probably yelled at you for messing things up.

If the timing of your hand stroke was bad then the wave got smaller -- not bigger.

This classic analysis is also used in some text books to describe the way that a **LASER LIGHT** beam works. This report is the first time that it has been adapted to describe the way a **LASER RADIO BEAM** works.

DON'T GOOF UP THE WORLD

Dr. Begich's book, **ANGELS DON'T PLAY THIS HAARP** (**Advances in Tesla Technology**), is acting like your Mother did to try to keep you from goofing things up.

Begich has to address his comments to the public at large and to the legislature in particular, to try to keep the covert military arm of **HAARP** from goofing up the **whole** world.

Some investigators say it may be possible to destroy the **whole** world with

the new **HAARP**, if the wave splashes too far or too much.

They predict the possibility of a run-away ***lightning bolt*** discharge that will envelop the whole world. Massive lightning everywhere. But the scientists who gave lectures at the open house publicly ridiculed the idea. That hurts my sensitivity when I have to observe cultured scientists verbally fighting other cultured and well read scientists. Shame.

But, fairness demands we give our attention to the history of the "H" bomb and arguments between scientists.

Scientists cried in horror as they attempted to convince our government to stop work on the "H" bomb. They said it might involve all of the other elements and turn our planet into a new sun.

The argument involved **J. ROBERT OPPENHEIMER**, a scientist, along with **EDWARD TELLER**, another scientist, both of whom developed the atomic bomb, at the Manhattan Project at Chicago, and later at Los Alamos, NM.

After the successful atomic bomb tests, and demonstration to the Japanese, **EDWARD TELLER** wanted to continue working to develop the "H" bomb.

J. ROBERT OPPENHEIMER and his crew of scientists resisted. They said the development of an "H" bomb would lead to the end of the world.

The argument went to the Congress of the U.S. **J. ROBERT OPPENHEIMER** and crew at Los Alamos were reduced to a low priority. **J. ROBERT OPPENHEIMER** was stripped of his secret clearance. Scientists wrote in his defense, to no avail.

EDWARD TELLER got the chance to start up Lawrence/Livermore Laboratory in California, to continue the development of the "H" bomb.

The argument was fully described in technical journals at the time. **EDWARD TELLER** won.

You must master the history of Los Alamos Laboratory (**J. ROBERT OPPENHEIMER**) and Lawrence/Livermore Laboratory (**EDWARD TELLER**) in order to understand why we have two atomic Laboratories.

*When you can interpolate this story, you will be able to know how **EDWARD TELLER** took over the **HAARP**.*

AN ACTIVE ANTENNA

Imagine three horizontal pipes about 15 to 25 feet long, spaced some 10 to 20 feet apart, attached at their centers, to a 65 foot high vertical tower . Some pipes have transmission cables attached internally at selected points.

This is not a secret. They allowed me to photograph the antennas. Newspapers

also carry photos of the antennas showing these facts.

BATWING

The back end of your tub represents the **top** horizontal pipe, called a batwing because of its shape. The faucet end of your tub represents the **bottom** pipe. Your hand represents the **middle** pipe, called the driven element.

*Postulate: As the **RADIO PULSE** (a **RADIO PULSE** is a burst of radio energy that lasts about 10 millionths of a second) is broadcast from the **middle** driven element [pipe] it moves upward toward the batwing upper **top** element [pipe bent in the shape of a batwing]. That is like the first time you start the wave in your tub with your hand.*

RADIO POWER PULSE

Here is part of the new invention. A control signal is sent from the transmitter to the **top** batwing upper antenna just as the first **RADIO POWER PULSE** arrives.

*The control signal is 180 degrees out of phase with the **RADIO POWER PULSE**.*

*It acts like a closed gate. It keeps the **RADIO POWER PULSE** from going out the **top** and into the air. That drives the **RADIO POWER PULSE** back down the **YAGI ARRAY** past the **middle** driven element.*

*When the **RADIO POWER PULSE** passes the **middle** driven element a new **RADIO PULSE**, similar to the first **RADIO PULSE**, is added to the first **RADIO POWER PULSE**.*

*That is like moving your hand along with the wave as it returns from the end of your tub. The **RADIO PULSES** add to each other so now, at this point, the **RADIO POWER PULSE** is twice as big as when it started.*

*They travel in combination down to the **lower bottom** reflector element of the **YAGI ARRAY** where a reversing control signal and/or a **YAGI** reversing element causes the combined **RADIO POWER PULSE** to go back up the **YAGI ARRAY**. That is like the other end of your tub.*

*The combined **RADIO POWER PULSES** bounce back and forth between the **upper top** batwing antenna element and the **lower bottom** reflector antenna element.*

*As they pass the **middle** driven antenna element going either up or down, another **new RADIO PULSE** is added to the growing **RADIO POWER PULSE**. That's what you did with your hand in the tub.*

*The pulses are captured and contained between the **upper top** element and the **lower bottom** element. That's what the two ends of your tub did. The process repeats until it becomes **critical**.*

MASSIVE POWER AMPLIFICATION

*When the combined **RADIO POWER PULSE** increases to a **critical** point the air (ether) can't hold any more **RADIO POWER**. That's kind of like putting too much air in your car tire. There is a critical point where another pound or two of air will burst the tire.*

*Radio engineers try to find where the critical point is and then open the **top** gate just a little before the whole thing destroys itself by arcing over. And it's a little like adding sugar to boiling water, more and more at a time. Water will absorb sugar until it reaches a critical point. Then you can not dissolve any more sugar in the water. Radio engineers try to find the point where the air can't hold any more radio power.*

*The **LASER** type pulsing, and reflection back and forth, in captivity, until a **critical** point takes place, adds an amplification factor in the order of 100,000,000. That's more power per unit of mass (air or ether) than the world has ever known.*

LASER RADIO PULSE

*When the **RADIO POWER PULSE** becomes **critical** in size the reversing control signal to the **upper top** batwing antenna element is **extinguished**. That opens the **upper top** gate.*

*The largest **LASER RADIO PULSE** that the world has ever seen is released in controlled **PHASE** with 179 other **HAARP** transmitter/antenna arrays at the installation. Traveling upward into the sky is a combined **LASER RADIO PULSE** whose portentous power is many times larger than the most massive power of the **RADIO ELECTRICITY** that was produced by the **ATOMIC BOMB**. It is many many times larger than the biggest Radio Frequency (acronym R.F.) field in the world. That is one great big Goliath of Gath.*

DEATH RAY

*It is now a directed **LASER RADIO BEAM** from **STAR WARS - THE DEATH RAY**.*

The various stories of **HAARP** with their vague references to remote hidden and shrouded features, and shrewd cover-ups, balefully knell foreboding and evil consequences. They raise dubious and apprehensive fears, doomfully raise ominous questions, and fatefully point to foreordained prophecies. Now, through inductive analysis and deductive reasoning, the **HAARP** is unveiled in glorious light of truth, confirming and denying what has been said and written.

DUTY CYCLE

The **LASER RADIO PULSE** only lasts a fraction of a second (about ten millionths of a second). The relatively short length of the **PULSE**, in contrast with the very long time the transmitter

waits to send another **PULSE** is called the **Duty Cycle**. The relatively short **Duty Cycle** of **HAARP** allows the active transmitter parts to have enough time to **cool** back down before processing another massive **PULSE**. That way the transmitters can handle much more power than they could if the transmission was a continuous wave.

And that's the reason for the contradictions and confounding in the safety reports released about **HAARP**.

If you want to impress someone with how safe **HAARP** is supposed to be then forget the Duty Cycle and calculate as if **HAARP** is a continuous wave.

The resulting numbers will erroneously place **HAARP** well below other transmitters as far as relative danger.

If you want to tell the truth even though it will scare the citizens, then use the numbers that relate to the Duty Cycle and the Pulse Mode and the multiples will produce instantaneous power units that are millions and millions of times bigger. I will not place my body into the giant instantaneous Pulse Power fields of **HAARP**.

Scientists who ignore the Duty Cycle when calculating the power formula and field densities are playing dirty pool. My own analysis of the literature detects some dirty pool players who are in charge of some **HAARP** reports that have been made to the public.

SPLIT SECOND TIMING

All control signals are timed to the split second, within 1,000,000,000th of a second, using optical fiberglass transmission cables that connect the control bunker with each **TRANSMITTER-ANTENNA ARRAY**. That is not a secret.

The engineers at the **HAARP** open house spent a lot of time with me answering my questions about the fiberglass phase control.

However, the technology details and contents of the black boxes were not discussed. I knew where to stop questioning.

HOT TRANSMISSION LINE

The transmission line that connects the transmitter to the antenna is about 1000 times larger than it should be. I learned that is because the Standing Wave Ratio (**S.W.R.**) causes the transmission line to become super overheated and to fail. The transmission line melted in a recent **low** power test. I haven't seen a melted transmission line due to **S.W.R.** in over 40 years.

THE WEAK LINK

The different pulses that are used by **HAARP** also reflect back **from** the antenna **to** the transmitter, like they reflect between the **top** batwing element and the **bottom** reflector element. The reflected standing waves **overheat** the

transmission line and the final amplifier of the transmitter.

Presently, this S.W.R. problem is the weak-link in the chain that produces the **HAARP** system. It will take a lot of further engineering to overcome the problem. I think they will master it.

PROVIDENCE

While visiting the project I learned that **HAARP** was down for repairs at that time because it melted the giant transmission line and also blew out the final power tube of a linear amplifier transmitter, so they decided to open **HAARP** for a visitor's day to make good use of the repair down time.

They expected local guests who were very interested in their own health and safety to visit the Open House. All the scientist's remarks were oriented toward health and safety.

If you believe in the **providence** of God, like I do, you may conclude it was to make all of our schedules perfectly coincide on the same day. This is called **deductive** reasoning.

REFLECTED WAVE THEORY

The **HAARP LASER RADIO BEAM** can be directed to reflect off of the **IONOSPHERE**. The scientists openly discussed **Reflected Wave Theory** with me. **Reflected Wave** propagation is not new. I did it too, with my 10 and 20 meter amateur transmitter in the late '40s. I used the **IONOSPHERE** to

cause my signals to go much farther than normal by bouncing them off the **IONOSPHERE**. But **HAARP** has taken **Reflected Wave Theory** much farther than I ever thought of.

IONOSPHEREIC REFLECTING CHARTS

Basic **IONOSPHEREIC** reflecting charts and tables for all world locations are available from the **American Radio Relay League (acronym ARRL)**. I was a member when Fred Flintstone joined. Many new **HAARP** elements and experiments are designed to improve those charts because **HAARP** depends on more exact **IONOSPHEREIC** location and variation information than does normal short-wave radio communication.

The scientists did not discuss my ideas because I did not bring them forward. I felt that I should not advance too much or they would clam up. Many other postulates were developed on the airplane ride home.

ON THE T.V.

The **HAARP** open house workers spent about two hours making T.V. recordings of my questions and the answers of the various scientists. When I realized that I was taking all the time I apologized and offered the other visitors the opportunity to ask questions. There were no takers. All the guests in our group asked me to continue. It was obvious to all that I had some experience in the subjects. It became so obvious that the **HAARP**

director stood a few paces behind me and directed the scientists off camera, and out of my sight.

He knew how far his people should go with their answers.

Please permit me to relate a personal story about the T.V. recordings they made.

STRANGE UNIVERSE

A T.V. show titled STRANGE UNIVERSE was broadcast at 12:30 A.M. on March 6, 1997 over WNUV, U.P.N., Channel 14, Baltimore, Maryland. Credit lines are TEAM ENTERTAINMENT GROUP and MEDIA CITY TELEPRODUCTION CENTER, BURBANK, CA.

A goodly segment of the show was about **HAARP**.

My grandson phoned the news to me in an attempt to allow me to also tune it in at my location. Quick check. Our local U.P.N. station was broadcasting a program about Hercules at the appointed time, not about **HAARP**. Quick scan of all the cable channels. No **HAARP**. Phone report to grandson. We can't watch. Get a good recording. Then an excited scream from his new bride. "Look. There's Grandpa. There's Grandpa on the T.V. at the **HAARP** in Alaska." She made me feel like a celebrity.

New problem. Deductive reasoning. Our God wanted yours truly to appear on T.V. in connection with **HAARP**. Why?

Time will tell. A few months ago I didn't know that there was a **HAARP**. Now I'm writing like I know all about it. Really, I only know what a lifetime in radio engineering, and employment with defense contractors, and **BIBLE** study will teach a person.

THE REASON

I WROTE THIS REPORT

This is a fulfillment of Biblical prophecy that few writers have the background to tackle writing about. The supernatural events surrounding my involvement have convinced my wife and me, that I must be a chosen one for this assignment. We had natural concern about our safety and security because of the way the covert members of our government treat whistle blowers. Now, the large number of recently published articles directly and indirectly about **HAARP** have added to our confidence that this is the time to tell the interested Christians what is going on, without great danger to ourselves.

HAARP COVER UP

There are still many secrets about **HAARP** to be uncovered. Why must they be uncovered? Because the **HAARP** establishment continues to release conflicting information, indicating that there is still a cover up about:

1. the relative safety of **HAARP**,
2. the military use of **HAARP**.

SAFETY COVER-UP

The safety cover up involves defenseless local people who need this information. They are surely not going to get the truth from our government. Our GOD asked Cain where Able was. Cain retorted with a question of his own. "Am I my brothers keeper?" indicating Cain didn't think he was. I have decided, I am.

I don't want to be a Don Quixote fighting every windmill. But, I have decided that our GOD pointed me to this lying **HAARP** demon, and expects me to exorcise it. So here is the best I can do.

MILITARY COVER-UP

The military cover up is a little different, as far as I am concerned. There is nothing any of us can do about it. And what should we do if we could? An investor may benefit from knowing what happened. And people with RUSSIAN relatives and friends may benefit a little.

We Christians benefit from knowing that the world is not out of control. Our GOD is making things come to pass, just like the prophets said. So here is the best I can do.

The covert military group at **HAARP** continues to release information that contradicts what the scientific community at **HAARP** tells to us.

For instance, here are some quotes from the T.V. show STRANGE UNIVERSE:

Quote, "The **A.F.** isn't being totally honest. The **A.F.** says the **HAARP** is to:

- Improve military satellite communications,
- Communicate with submarines underwater,
- Locate mineral deposits underground.

Dr. Begich (see index) says **HAARP** is to develop:

- Futuristic weapons,
- Mind control beam,
- Weather control." End quote.

On the T.V. show, J. RICHARD GHARCIA, Public Affairs Director, Phillips Laboratory, Kirtland Air Force Base, Albuquerque, NM, said, "Trust the government." Huh? Where has he been living?

On the same show, The Secretary of the Air Force, (**the** Secretary, not **a** secretary) Dr. SHEILA WIDNALL was asked, "Can you tell us what **HAARP** is?"

WIDNALL's answer, "I don't have the foggiest idea."

Another question, "Are you familiar with the **HAARP** project in Alaska?"

WIDNALL's answer, "No. Not at all. I don't think so. Maybe not under that name."

The T.V. program continued, "The **HAARP** is scheduled for completion in the year 2002. At that time we will

know if **HAARP** is a radio breakthrough or a doomsday machine. Whatever it's purpose, the **HAARP** is costing taxpayers 100s of millions of dollars." End quote from T.V. show STRANGE UNIVERSE.

My editorial comment is required here. A long time ago the **U.S.A.F.** said the three things listed above. Lately they have changed their story. The scientists told me that the ionization of the IONOSPHERE would not help satellite communications - it would harm them.

The scientists also said that communication with submarines with the induced Extra **L**ow **F**requency (E.L.F.) would not work because the E.L.F. signal is so very small. Some literature says that E.L.F. will penetrate 40 miles deep. That's just not so for **HAARP** E.L.F. That explanation is a partial demonstration of the confounding of various reports on **HAARP**.

The scientists at the open house explained that finding the location of various mineral deposits was included in an early written description of the project in order to qualify for lots of Federal Support (grant) money.

They told me that there was no active attempt to locate anything underground. They gave up on it because the signal strength of the induced E.L.F. is just not strong enough.

MIND CONTROL

The human mind operates at 32 Cycles Per Second (acronym C.P.S.) normally. Sleeping it operates at 7 C.P.S. first. Later it changes to 4 C.P.S. and finally deep sleep is at 1/2 C.P.S.

Spiritual prophets have learned to operate at 7 C.P.S. when they speak in tongues, prophesy, and/or have visions. They learn, by the Holy Spirit, to alter their state of consciousness between 32 and 7 C.P.S. Most don't realize that they are doing that, but they are.

External stimulation of a human brain such as mechanical vibrations, flickering lights, audio hums, and/or electromagnetic currents and/or electrostatic potentials, can overcome the natural state of 32 C.P.S. by overwhelming the fragile brain current that oscillates at the natural brain wave frequency. If the stimulant is strong enough, then one of the above named stimulants forces the brain of a subject person to become synchronized with the external stimulant. That forces the brain into the frequency of the stimulant which may produce an undesired state of consciousness.

It might even cause a person to fall asleep. Synchronization sometimes produces various forms of sickness and distress. For instance, scientists have found that those external stimulants can trigger a seizure in an epileptic person.

Personally, I don't believe that **HAARP** converts enough E.L.F. power in the

IONOSPHERE to be able to control anyone's mind by synchronization. The E.L.F. of **HAARP** is just not strong enough. However, many governments are reported to have the right kind of transmitters to synchronize the minds of people. I think it's a good idea to drop **mind control** from critical **HAARP** literature. But, don't drop mind control from the subject of government radio transmitters. People should know that the government has mind control capability.

TWO VERSIONS

Now we have to deal with two very different versions of what **HAARP** is all about. One version comes from the covert arm of the **U.S.A.F.** The other version comes from University scientists. I'm glad I had the chance to hear them both and then make up my own mind.

When the Secretary of the Air Force, WIDNALL, was shown on the T.V., giving the answer that she did not know anything about the **HAARP**, most of our students here voiced disbelief. They thought she was lying.

One astute student came right out and forcefully said, "You big liar," while we watched the T.V. recording of the **HAARP** and WIDNALL.

As good patriotic Americans they believed that the Secretary of the Air Force has to know about **HAARP**.

There is a secret covert arm of the Air Force that has even kept the knowledge of **HAARP** from the top boss, even from the Secretary of the Air Force. I suppose that incident produced a few red faces that day. We must come to grips with the axiom that there is a hidden government within our open political government.

This next point is even harder to grasp, but you must. There are **two** secret covert governments within our open political government. The **Central Banks** have been active as a secret covert government that has controlled our open political government for a very long time. Now a **new** secret government has formed. It is within the **U.S.A.F.** The Bible reveals that the purpose of the **new** secret government is to destroy the **old** Central Bank control of our open political government. Complex? Yes. More later.

LOW FREQUENCY VS. HIGH FREQUENCY

*Postulate: The first demonstration of **HAARP** ideas was with **microwave** (high) frequencies from our four **PHASED ARRAY RADARS** operated by the **U.S.A.F.** That proved the concept.*

But **microwaves** don't hold as much power in each wave, and they don't bounce as predictably from the **IONOSPHERE** as do the waves in the frequency range from 2.8 to 10 megacycles.

Some combinations of power and microwave frequencies will punch a hole right through the **IONOSPHERE**. They won't always reflect predictably. And sometimes the **time** of day will change what happens. And sometimes when the sunspots go crazy so do the reflections.

*Postulate: First: The U.S.A.F. discovered they could combine the four **PHASED ANTENNA ARRAY RADARS** in the four quadrants of the U.S.A., separated by thousands of miles, using **PHASE** technology, involving glass fiber-optical cable, to produce a massive **RADAR** signal at a given target site. That turned the four separate radars into one big radar signal at the target.*

*Second: That **RADAR** experiment was followed by the 9 transmitter/antenna arrays in Fairbanks that used mid-frequencies. That mid-frequency experiment confirmed the concept again and was more repeatable and reliable.*

*The experiment probably provided the signals that were beamed at **RUSSIA***

*and demonstrated our **HAARP LIGHTNING BOLTS** to them.*

*Third: **HAARP** at Gakona is conducting experiments designed to make the reflections of more powerful mid-frequencies (short-wave frequencies) both more predictable and more precise and more repeatable. Today it is an art. Tomorrow it will be a science.*

*The new **HAARP**, at Gakona, with its 180 towers is analogous to the "H" bomb as the old 9 tower array at Fairbanks was analogous to the atomic bomb. The latter is bigger than anything we have ever seen. The first is bigger than anything we ever imagined.*

OTHER HAARPS

The first **HAARP** operated from the facility near **FAIRBANKS, ALASKA**.

The second **HAARP** facility is being finished at **GAKONA, ALASKA**. That's the one I visited.

A pre-**HAARP** system was set up at **Mineral Wells, TX**. Named **IONOSPHERIC RESEARCH INSTRUMENT**. Sanford Research Institute (SRI) is actively running **IONOSPHERIC** research programs. Another research program on **HAARP** is in **BRAZIL**.

HAARP was in **Poker Flat, Alaska**. Also in **Arecibo, Puerto Rico**. The **U.S.A.** has installed other smaller **HAARPS** at other places around the world.

Other governments have also experimented with other smaller **HAARPS**. They had a good idea of what a **HAARP** can do. Even though we beat them, they will probably develop their own **HAARPS** so they can use their own **HAARP** as a war deterrent like we use our atomic bomb as a war deterrent, now.

Our message to the rest of the world will be, "If you hit me I'll hit you back with my **HAARP** - and mine's bigger." That's called deterrent.

A BIGGER HAARP

*Postulate: The 9 tower Fairbanks **HAARP** facility will be multiplied to 180 towers like the new locations.*

*A third 180 tower **HAARP** facility will be (is being?) built north west of **DAWSON CITY, ALASKA**.*

*Our three 180 tower **HAARPS** will be controlled from a single bunker centrally located south east of **DELTA JUNCTION, ALASKA**.*

Picture a giant three bladed airplane propeller, each blade about 100 miles long. Each transmitter is located on the

tip of a blade. The control bunker is located on the hub.

*This tripod installation will change **HAARP** from presently having the relative accuracy and shot scatter of a shotgun to that pin point accuracy of a target raffle. The **HAARP** tripod will also nearly triple the energy in the **LASER RADIO BEAM**.*

LOCATION REVIEW

The present **HAARP** is like this:

- Fairbanks - 9 - antenna towers,
- Gakona - 24 -antenna towers, (for low power testing),
- Dawson City - nothing we know of. There is a possibility of construction, now.

The future **HAARP** will be like this:

- Fairbanks - 180 - antenna towers,
- Gakona - 180 - antenna towers,
- Dawson City - 180 antenna towers,
- Delta Junction - control bunker.

LONELY PLACE

*In actual operation there won't be anyone around the transmitter sites. They will all be remotely controlled from the central bunker. Some local indigenous people voiced their wish that the whole **HAARP** would move far far away.*

When I visited GAKONA I was surprised to note that there were no facilities for the airmen assigned to the base. There are no dormitories, no mess halls, no administration buildings, and no brig. Nobody is around when the thing works. Smart.

AIRCRAFT RADAR

The **U.S.A.F.** publicity release folders tell us that the GAKONA **HAARP** location contains a **RADAR** set designed to shut **HAARP** testing down if an airplane flies over or nearly over the **HAARP**. What happens to the airplane if the **RADAR** set does not work, or if the shutdown system doesn't work? The airplane will be destroyed. Sad.

Did the Nuclear Regulatory Commission (acronym **N.R.C.**) tell us that the automatic shutdown system for the atomic power plant at Three Mile Island would work, in case of trouble? Yes. Did it? No. Should we believe our government regulators? Not very often. Sad.

What happens to an airplane if there is a serious war use of **HAARP** and the officials decide that the end justifies the means - they don't let the radar shut it down? Guess what? Short circuits in the airplane equipment. It won't fly very good anymore. The airplane will be destroyed. Sad.

At the open house I learned the promised Radar set was not in place. They say they have been using the services of FAA Radar in Anchorage. How awful. The latest low power test, including only a few of the towers, did not have an automatic radar shutdown like they said they would have.

The scientists told me that they are going to finish the installation of the Radar before they start sending out the super big pulses from the new installation. Good, I hope.

If I was an attack attorney I would see about starting an investigation of all the unexplained airplane crashes around Fairbanks and Gakona from about 1982 to the present. When the details of **HAARP** are fully revealed such an attack attorney may become extremely rich and might make certain estates quite rich, too. Bittersweet.

GLASS FIBER PHASE TECHNOLOGY

*Postulate: The three **HAARP** facility locations will be connected by glass fiber optical cable developed by LORAL ELECTRO- OPTICAL SYSTEMS.*

See - **U.S.A.F.** contracts with LORAL ELECTRO - OPTICAL SYSTEMS, Pasadena CA. with Lt. General

LEONARD PERATS (Sp.?), **U.S.A.F.**,
for connections of **U.S.A.F.** and LORAL
ELECTRO - OPTICAL to **HAARP**.

This is not secret.

Headquarters: LORAL CORP., 435
MORELAND RD., HAUPAUGE, NY.
11788 1-800-287-0803 Subsidiary is
NARDA.

In 1984-86 LORAL had so much excess
profits that they tried a hostile take over
of Sanders Associates, an electronics
company. Sanders went to Lockheed, a
firm friendly to Sanders and together
they stopped the LORAL takeover.

Did LORAL get the massive amounts of
money from **HAARP** profits?

I heard a radio program that talked about
fiberglass phase control and identified
the above contractor. I heard it the
month after I came back from my visit to
HAARP.

No question, I wouldn't have given the
subject a second thought before my
visit. But when I heard it, it almost
shouted at me.

Some people at the following places
know some undercover things about
HAARP. But some may be like the
forester who knew everything about a
certain tree but didn't know much about
the forest the tree was in.

1. U.S. Air Force (Phillips Laboratory)
2. Office of Naval Research
3. Navy Research Laboratory
4. Loral Electro - Optical
5. Advanced Power Technologies, Inc.
(APTI)
6. E - Systems, Inc.
7. Raytheon Corp.

STAR WARS

*Postulate: U.S.A.F. started a scientific
investigation which turned into **HAARP**
as a **STAR WARS** weapon using
PHASED ANTENNA ARRAY
technology, see 1983 March 23,
REAGAN, this report.*

***HAARP** is a combination of **two** major
new inventions, and a lot of associated
inventions.*

New **PHASE** technology controls the
exact instant that an electric signal or
energy pulse is started and/or stopped, in
relationship to other electric currents.
Results are amazing.

*Postulate: U.S.A.F. adapted **PHASED**
ANTENNA ARRAY RADAR technology
which by itself was a giant scientific step
forward. That's one major invention.*

*The U.S.A.F. later added **LASER**
technology to **PUMP** the Radio*

*Frequency (R.F.) energy to become enormous **LASER RADIO PULSE COHERENT WAVES**, which are magnitudes stronger than old **LIGHT** (photon) **LASERS**.*

COHERENT WAVE?

What's a **coherent** wave? A **coherent** wave is produced when there are no reverse ripples in a pond. You have seen **coherent** waves when a round rock is dropped into a pond. Those were **coherent** waves. You have also seen the waves in a pond when a handful of rocks were thrown in. Some waves went out and crossed waves that were coming in. They canceled each other. That's what the engineers are trying to get rid of.

If the fiber glass cables that control each of the 180 transmitters were missing, then each transmitter would send its pulse at a slightly different time, like the handful of rocks hit the water at slightly different times.

That's **incoherent**. They cancel out.

Now, control each transmitter with your new fiber glass cable and fire each pulse like it was a pebble thrown into a pond. Fire each transmitter pulse (pebble) at the exact instant so the wave it makes adds to the wave that's already there in the pond. Have 180 people throw pebbles in perfect timing so the wave they make adds to the wave that's already there in the pond.

Repeat the pebble tossing millions and millions of times. You'll have a pretty grand wave in that pond. That's a simple analogy of what **HAARP** does.

INCOHERENT SCATTER RADAR

A five country consortium runs the European **Incoherent** Scatter Radar. (EISCAT) Think about the word "**Incoherent**" in that title.

That slip up lets us know that "**Coherent**" Wave Radar is also known or else there would be no reason to describe that special radar as "**Incoherent**." That's like everybody tossing their pebble whenever they want to.

The present work on **HAARP** is designed to continue the development of **LASER RADIO PULSE COHERENT WAVES**, in the frequency band of 2.8 to 10 Megs.

For **PULSE PUMP AMPLIFICATION** technology, see both articles, **LASER** and **ACCELERATORS, PARTICLE**, in the Encyclopedia Britannica. But don't get the idea that they are big particles like pebbles. In reality, they are subatomic particles, so small that most of us don't think of them as particles at all. It's scientific chortle.

Phased arrays have been around for more than a few decades. The **HAARP LASER RADIO PULSE COHERENT**

WAVE BEAM RAY is a new invention as far as mid-frequencies are concerned.

WHAT'S A PHOTON LASER?

This just in from the Fort Myers News-Press, Tuesday, April 8, 1997. Knight-Rider News Service.

U.S. PLOTS PHOTON MISSILE DEFENSE.

“Washington - The enemy missile leaves its desert launch site, rockets into the clouds above, and hurtles at four times the speed of sound toward it's target miles over the horizon.

But 50 seconds into its flight, the missile is struck by an invisible photon beam. Almost instantly, the beam burns a basketball size hole in the missile, which explodes, showering debris over enemy territory.

Sound like science fiction? The Air Force says it's about to be fact. The Marine Corps used something like it about 5 years ago.

A small fleet of Boeing 747 jumbo jets will soon be armed with Star Trek-style photon lasers designed to shoot down enemy missiles like the Scuds used by Iraq during the Persian Gulf War.

Though development remains a few years off, top Air Force officials have expressed intense excitement about the

development, which they say could be as revolutionary as radar, stealth, or the atom bomb.

If it works, the Airborne Laser could herald the dawn of a Buck Rogers era where bullets and missiles become obsolete, and aircraft armed with “ray guns” attack everything from Scuds to enemy surface-to-air missile sites.

Akin to the Reagan administration's grandiose “Star Wars” space based missile defense projects of the 1980s, the Airborne Laser is being touted by the Air Force as down to earth, relatively cheap, and doable.

“It's pretty new age stuff,” says Air Force Col. Michael W. Booen, who trained as a Shuttle astronaut, and now heads the government-industry team designing the laser weapon.

“But it's there. And it's real.” Capt. Jeffrey L. Moler, the Air Force's chief laser expert on the project, says, “We're living in the future, now.”

Lasers have been used for decades to guide bombs and aim weapons. “But this is the first time that we've really used a laser as a high energy defense weapon,” Moler says.

The idea is for a lightweight, chemical oxygen iodine laser called a COIL - to be installed aboard a 747. (High-tech as it is, the laser is fueled with relatively

low-tech chemicals, some of which can be found in toothpaste and drain cleaner).

The jumbo jet, with crew of six, would be dispatched to a war zone and would circle at about 40,000 feet outside enemy airspace.

There, the jet would be a part of the defense against what are called theater ballistic missiles, such as the Scud.

The jet would be equipped with sophisticated heat sensors that could see more than 100 miles into enemy territory and detect the hot plume of a missile launch.

Armed with chemicals for about 20 photon bursts, the jet would track the missile and fire the laser once the enemy rocket cleared the clouds.” End quote.

My editorial comment is appropriate here:

- This news release is half right. That makes it real hard to comment on.
- The **U.S.A.F.** has to make some comment about their covert scientific programs because so very much is being written about those programs by outsiders.

- The above article is really an article in response, not a new publicity release. In war time the **U.S.A.F.** would not have such a hard time to get billions and billions of dollars for scientific investigation. But, this is peace time and our Congress wants a good accounting for the money.
- The **U.S.A.F.** can not give a good accounting for their spending of massive money without spilling the beans concerning what they are spending it for. So we must expect half truths from the **U.S.A.F.** concerning **HAARP**. That’s the way it is.
- The release is about a photon laser.

- In fact, it should be about a radio laser (the **HAARP**).
- When we dismiss the details about photons and chemicals this press release will then line up with the facts.
- **EDWARD TELLER** wanted to use a small atomic bomb to generate “X” rays and photons. That hasn’t worked out yet.
- **HAARP** has.

A TRANSMITTER

HAARP does not receive; it only transmits. However, the **HAARP** project includes many receivers and transducers

that feed information back to the central control bunker so that the operators can make changes that will optimize the transmitter and adjust for changes in the **IONOSPHERE**, changes in the weather conditions, and other changes. The **HAARP** system is sensitive to environmental changes. Much present research is to develop equipment that will monitor changes and then automatically change the **HAARP** transmitters in an instant, in a moment, in the twinkling of an eye.

PROBLEMS

The bottom layer of our **IONOSPHERE** is not smooth like a spherical mirror.

Rather, it undulates in a manner not too unlike the ocean waves.

A big undulation (ocean wave) causes the need for immediate adjustment of frequency and phase. It's a little like trying to bounce a pool shot when the edge of the table is being moved back and forth. If you can predict where it is going to be at any instant in the future, you can make your shot. If you can't, you'll most likely miss.

The science is called **numerical extrapolation** and the giant computers must be fed exactly correct information. **HAARP** is controlled with giant extremely fast CRAY computers.

*Postulate: Combining the **PHASED ARRAY** with the **PULSED mid-***

*frequency **RADIO BEAM** and then further converting it into a **LASER RADIO RAY** has produced the first truly powerful **DEATH RAY**; the **STAR WARS** manifest. The **LASER RADIO RAY** is a fantastic new weapon.*

***HAARP** is also a **LASER RADIO RAY** designed as a small canon to destroy.*

MORE TO FOLLOW. IF THESE DO NOT EXIST NOW THEY WILL SOON.

*1.) A **LASER RADIO RAY** gun the size of a rifle or a shoulder held missile launcher, operating in the range of 150 Megs, should also be in development, and is analogous to a small canon.*

This is probably what will be used in the airplanes to intercept missiles.

*2.) A **LASER RADIO RAY** gun the size of a pistol, operating in the range of 400 - 1000 Megs. and upward (micro waves), should also be in development, and is analogous to Buck Rogers.*

*Those **HAARP** programs can be fully developed at Fairbanks and may go by different secret names. They depend on the new technology, as described here. However, the list of Universities now working on **HAARP** causes me to think that perhaps another group may have picked up the development of the pistol and/or the rifle.*

While preparing this report I learned that the **U.S.A.F.** announced on 11-11-96 that they wanted one billion dollars to mount a **LASER GUN** in an airplane to shoot down incoming missiles. *I think they meant a **LASER RADIO RAY Gun** - not an optical laser.*

There is a strong connection between the **U.S.A.F.** reports:

- 11-11-96, LASER GUN FOR AIRPLANE, one billion dollars,
- April 8, 1997, U.S. PLOTS PHOTON MISSILE DEFENSE.

A JOKE

Short story: A student who was reviewing this manuscript for me began to laugh right here. He kept repeating "Ray Gun" and laughing. What's up? What's funny?" Don't you get it? **RAY GUN. REAGAN.**

Silly little old me. I finally got it. I'll try to keep from being too serious about this stuff.

BACK TO SERIOUS STUFF

The openness of their financial request is rather strange because the **U.S.A.** has revealed so very many former secrets recently and because the **U.S.A.F.** has

been pulling the covers over **HAARP** recently.

There is a good chance they are developing a **LASER RADIO RAY** like **HAARP** and not an **OPTICAL LASER** for the airplane gun.

HAARP uses the **IONOSPHERE** to aim its giant power. It's kind of like the cowboy who was in a gunfight. His enemy was hiding behind a barrel of something. The resourceful cowboy aimed his gun at the side of a stove that was sitting at the side of the barrel. You guessed it! The shot bounced off of the stove and hit the bad cowboy wearing the black hat.

The other smaller Ray Guns won't depend on the **IONOSPHERE**. They will aim directly at their target. Luke Skywalker and Darth Vader are here, now.

SHUNTING OR SHORTING THE IONOSPHERE TO GROUND

*Postulate: **HAARP** has the ability to send **LASER RADIO PULSED COHERENT WAVES** that bounce off of the **IONOSPHERE**, effectively shunting or shorting the massive electric current in the **IONOSPHERE**. That brings the massive current with the **REFLECTED LASER RADIO RAY** back to earth. That creates many **lightning** bolts that hit a selected target.*

*HAARP uses the naturally occurring massive electric currents that are already present in the **IONOSPHERE** by causing the massive **IONOSPHERIC** currents to follow the ionization path (sometimes called **plasma**) of the reflected radio wave to the selected earth target.*

NO WAY BACK

*The massive currents are **not** able to travel back down to the originating transmitters because the **REFLECTED RADIO LASER RAY** energy is in the form of a **pulse** which reflects off of the **IONOSPHERE** and at that **time** has **already turned off** and passed away from the air above the transmitters.*

*The massive currents in the form of **lightning bolts** must follow the **HAARP RADIO LASER pulse** that ionizes the air as it reflects to a target on the earth, far away from the transmitters. The **HAARP RADIO LASER pulse** travels 186,000 miles per second.*

I have heard some speculation that **RAYTHEON/USAF** has started a project to try to tap the immense electric current in the **IONOSPHERE** and use it to power an airplane. The idea is to deploy a long wire with an element attached to the end so that electricity will be collected and then used to run motors on the airplane. Free power!
RAYTHEON has massive “HELP WANTED” ads in the paper. That might connect.

THE MONEY TRAIL

About \$58 million dollars have been spent on **HAARP**. There are plans to spend another 200 million dollars, perhaps even a billion. Presently, some **HAARP** operations are financed by **U.S.A.F.** work orders that are confounded because the **U.S.A.F.** gets the money from the **U.S.N. (NAVY)**, presumably to research submarine communications.

The new billion dollar **U.S.A.F.** request for a **LASER GUN** airplane project is probably part of the **HAARP** project, or it may be a spin off from it.

SUBMARINES

HAARP submarine communications are impossible because the Extra Low Frequency (**E.L.F.**) signal made by **HAARP** is so very tiny. How do I know? The scientist told me so when he learned I had been on a submarine receiving those signals myself. I knew it wouldn't work and we talked about it. He said he thought the submarine story was put forward to provide more money for the secret project.

SUPER-CALLIPYGILISTIC- EXPI-ALLI-DOCIOUS

(an esoteric mystery waiting for you to decipher
just like the phrase following)

When the **HAARP** pulse nears the **IONOSPHERE** it enters a nonlinear attenuation zone. That causes the primary signal to Heterodyne with the bounce signal frequency change that is

due to the Doppler effect. That produces the differential E.L.F.

If you are not a radio engineer don't even try to figure out that paragraph. It took me 40 years to be able to write that sentence, with the confidence that it is right. Just remember the E.L.F. signal is so tiny it won't work.

I'm trying to write this so my **BIBLE** students will understand most if it. But, we all know that some scientific engineers will also read this, and they need more detail. Please try to hang in there.

SOMETHING QUITE PRECIOUS

To make it more complex, **HAARP** doesn't receive much funding directly from the military.

Most **HAARP** money comes by way of riders attached to congressional support of Massachusetts-based Phillips Labs. They work for the **U.S.A.F.** at Hanscom Air Force Base.

*Postulate: The U.S.A.F. gets their money for **HAARP** through a complex route in order to confuse the accounting and hide the project from other government oversight.*

At this time the Congress continues to increase funding for **HAARP** while at the same time the Congress is decreasing funding for most other programs. **HAARP** must be pretty important.

COVER UP

There are three major areas of cover up involving **HAARP**.

- 1) Government covert agents from the military arm of **HAARP** must hide the money trail from other government scientists and auditors who work for the same government. The strategic **offensive** war use of **HAARP** must be hidden from university scientists who work for the same government.

Its a case where the left hand doesn't know what the right is doing.

2. The second area of cover-up involves the truth about the relative safety of **HAARP**.

3. The third involves the covert destructive military use of **HAARP**.

The Nuclear Arms Division of the Department of Defense has the best track record of spending giant sums of money without accounting for it or even telling what it was for. That's where **EDWARD TELLER** put **HAARP**.

HISTORY.

IMPORTANT EVENTS ABOUT THE HAARP PROGRAM ARRANGED BY DATE.

This postulated scenario is very similar to the facts about the **ATOMIC BOMBS** and the destruction of

Hiroshima and Nagasaki and the end of WW2.

In 1945 Japan quit when they saw the awesome destructive power of our new weapon, the **ATOMIC BOMB**.

*Postulate: **RUSSIA** quit the Cold War and Communism sometime around 1986 when they saw the awesome power of our new weapon, the **HAARP**.*

1980

1980 August 5, President Carter announces strategy shift from civilian to military targets.

1981

1981 January 1, China starts air service from China to the **U.S.**, first since 1949.

1981 January 8, Baltimore. **C.I.A.** agent David Barnett given 18 years as **Soviet** spy.

1981 February 9, President **REAGAN** planning \$32 billion increase in military budget.

1981 April 23, General Haig calls Moscow the primary source of danger to the world.

1981 April 24, **REAGAN** ends curbs on grain exports to **U.S.S.R.**

1981 August 1, **U-2** Spy-plane reincarnated as **TR-1**. Uses advanced side looking **RADAR** (S.L.A.R.). Years before, I was a Senior Industrial Engineer on that **U-2** S.L.A.R. production line.

1981 August 8, **REAGAN** orders production of two types of neutron bombs for stockpiling in **U.S.**

1981 October 2, **REAGAN** drops plan for mobile **MX**, but wants 100 missiles.

1981 October 2, **REAGAN** orders 100 each, **B-1B** strategic bombers.

1981 November 21, **U.S.** bans **U.S.S.R.** Aeroflot airplanes from **U.S.A.** after a Russian over-flight, on November 8, of **U.S.** military bases.

1982

1982 January 10, **U.S.** asks Allies to embargo materials for **Soviet** natural gas pipeline. Allies refuse.

1982 January 24, **U.S.A.F.** admits secretly spraying herbicides on Laos during Vietnam War. **U.S.A.F.** acts

independently from other departments of our government.

1982 April 5, Falkland War.

1982 April 6, The next day General Haig says **U.S.** will not bar first use of nuclear arms.

We may strike first with an **ATOMIC BOMB**.

1982 May 9, **REAGAN** offers two-step disarmament, plan to reduce arsenals by one-third, initially.

1982 June 15, **Soviets** at **UN** pledge no first use of nuclear weapons. That makes us look like war hawks and Russians look like doves. See April 16, 1982 above.

1982 June 25, General Haig quits in policy dispute over **REAGAN** hard line to penalize American companies which were helping to build **Soviet** gas pipeline from Siberia to Europe.

Postulate: General HAIG had received the word about financing the RUSSIAN gas pipeline but REAGAN wasn't informed by agents of the Central Banks, yet. HAIG moved in and out of various presidential terms because he was kept advised by the Central Banks. Kissinger had a similar career. The secret of having a long, peaceful, productive political career is to operate your country in concert with the international

monetary objectives of the Central Banks. If you bolt you will be bolted.

Nixon innocently announced that he was working to take control of our international monetary policy and return control to the Congress of this nation.

The New York Times reported that Lord Rothschild, of London, said "Get rid of Nixon." The next month was the start of Watergate and a few months later, Nixon was out.

1982 November 10, **LEONID BREZHNEV** died. He was Major General. Post WW2. Worked under **KHRUSCHEV**. Elevated to **POLITBURO**. Became Secretary General of the Communist Party. Ruled in tandem with **KOSYGIN**. Made **U.S.S.R.** a giant military superpower. Left deep economic problems.

1982 November 13, **REAGAN** lifts sanctions on sales for **Soviet** Pipeline. *Did REAGAN get the word from the Central Banks? What made REAGAN change his mind? What did he know? Did it improve REAGAN'S relationship with General Haig?*

1982 November 22, **REAGAN** calls for dense-pack deployment of **MX** missile.

1982 December 21, **ANDROPOV** offers cut in medium-range missiles from 600 to 162: **U.S.** and Allies reject.

1983

1983 January, **YURI ANDROPOV**,
New President of **U.S.S.R.** Also General
Secretary of Communist Party. Also
head of **K.G.B.** Also member of
Politburo.

1983 January 31, **REAGAN** presents
budget calling for 10% military **increase.**
RUSSIANS call for a military **decrease;**
we call for an **increase.** International
Bankers are satisfied as we increase our
national debt. Conversely, our national
monetary controllers (Federal Reserve
Banks) want to see us spend less. To
make the bankers satisfied, the rule is,
borrow more and spend less.

1983 February 2, Geneva: **U.S. Soviet**
Strategic Arms Reduction Treaty
(acronym **START**) talks resume on
reduction of strategic arms.

1983 February 2, First operational
squadron of **TR-1** (new **U-2**) spy-planes
at Alconbury England.

1983 March 2, **C.I.A.** analysts say **U.S.**
reports of **Soviet** arms buildup was
exaggerated for the last six years. *Was
that to trick U.S. Congress into more
money for the U.S. military?*

1983 March 8, **REAGAN** denounced
Soviet communism as "the focus of evil
in the modern world."

1983 March 9, **Soviets** say **REAGAN**
has "pathological hatred of Socialism
and Communism."

////////////////////////////////////
////

VERY IMPORTANT DEVELOPMENT

1983, March 23, REAGAN proposed
STRATEGIC DEFENSE
INITIATIVE, S.D.I., STAR WARS.

Involves lasers, microwave devices,
particle beams and projectile beams to
shoot down Soviet missiles before they
could strike American territory.

1983 March 29, **REAGAN** suggests he
would share **Star Wars** with **Soviets.**
Most analysts describe that as a crazy
idea. If **REAGAN** was thinking of
sharing the knowledge of the awesome
destructive power of HAARP with the
U.S.S.R., I think that would be crazy like
a fox.

WHO WON?

It would remind the **U.S.S.R.** of what
happened to Japan when we invented the
ATOMIC BOMB. Japan lost the war
and Japan won the peace. We spent so
very much money on Japan after the war
that it must have made the rest of the
world jealous. After a while Japan
brought the money back to the **U.S.** and
purchased large parts of the **U.S.** for
themselves. That scenario could prove
to be very interesting to the **U.S.S.R.**
leaders who were in deep economic
trouble and who found themselves in a
hopeless military situation.

Can you win by giving up? Sometimes,
yes. That is especially so if you give up
to the **U.S.A.**

1983 April 23, **U.S.** ousts three **Soviet** diplomats as spies. Watch this history lesson as we note the increased attention to spies.

1983 April 27, **ANDROPOV** asks **U.S.** to join in ban on space weapons. What did **Soviet** spies know about our new **HAARP**? The obvious reason for the **RUSSIANS** to want a ban on space weapons is because we were way ahead of them in the race for a space weapon.

BOMBS IN SPACE

At this point it may be good to discuss why conventional weapons don't work very good in space. Space is a vacuum. There is no air in the vacuum of space. Bombs need air to spread most of their destruction. There are no shock waves in the vacuum of space.

In a vacuum, a bomb won't even crack a glass jar. So in space, a bomb must explode much, much closer to a target to do very much destruction at all. Most of the destruction in space is due to direct heat transfer; and heat doesn't transfer very well in space. So the military has been spending literally billions and billions of dollars to find new space weapons that will work well in a vacuum.

Most new space weapons rely on radiated heat. Some scientists are even

working on ways to suck heat out of a target in order to freeze it, so it won't operate.

I don't know if the younger generation understands what we seniors mean when we say, "The days of Buck Rogers are here." We must learn to appreciate the generation gap. Today's soldier must be 10 times smarter than the W.W.II soldier; and 100 times smarter than the W.W.I.

1983 May 11, **Soviets** deny **ANDREI SAKHAROV**, scientist, father of **Soviet "H" BOMB**, political dissenter, right to travel abroad.

Postulate: They didn't want him to tell about their secret scientific military projects.

1983 September 1, **Soviets** down Korean jetliner.

1983 September 4, **U.S.** admits our spy plane was in same area two hours before downing of Korean jet.

1983 Compact Disc introduced for music.

1983 October 25, **U.S.** invades Grenada.

1983 November 9, **C.I.A.** agent Edwin Wilson gets 25 years for plot to murder witnesses to his own illegal actions.

1983 November 23, **Soviets** break off talks with **U.S.** on medium-range missiles.

1983 November 24, **Soviets** to bolster submarine missiles in response to our build up of **U.S.** missiles in Europe.

1984

VERY IMPORTANT DEVELOPMENT

1984 January 10, **U.S.** and **VATICAN** establish full diplomatic relations for the first time in 117 years. Why now? See 1984 May 2, Fairbanks, **REAGAN** and the Pope, this memo. Why does **REAGAN** need the Pope. What for?

1984 January 16, Gromyko offers surface missile reduction if West Germany rejects **U.S.** Pershing 2 build up.

1984 January 29, **Soviets** issue formal complaint against **U.S.** arms treaty violations. **REAGAN** breaks many treaties.

1984, February 9, **ANDROPOV** died. Ruled very short time.

1984 February 13, **KONSTANTIN CHERNENKO**, New General Secretary Communist Party.

1984 March 4, **REAGAN** agrees to cut **U.S.** budget by \$149 billion over three years. Something must have happened a few months before March 1984 that made a big change in our military plans. First the Pope; Now the budget. What? **HAARP?**

1984 April 4, **REAGAN** proposes international ban on chemical weapons. Who needs chemicals when they've got the **HAARP?**

(April 1997, 13 years later, President Clinton takes credit for the chemical weapons ban).

1984 April 10, **REAGAN** refuses to accept ruling of World Court regarding **U.S.** mining of Nicaragua harbors. **REAGAN** cares not for world opinion of our actions.

1984 April 26, Peking: REAGAN arrives for six-day visit.

1984 April 30, **REAGAN** signs cultural and scientific agreements with China. Did **REAGAN** tell China about **HAARP**, as a threat to make them conform? We have used the threat of an **ATOMIC BOMB** against foreign countries since 1947. See 1982 April 6, General Haig said he just might be the first to use the **ATOMIC BOMB** at the start of the Falkland War.

VERY IMPORTANT DEVELOPMENT

1984 May 2, FAIRBANKS, ALASKA, REAGAN and POPE JOHN PAUL II meet in FAIRBANKS.

Discuss world issues.

Fairbanks Alaska is the location of the first **HAARP** installation. Fairbanks is the location of most of the **HAARP** scientists, and engineers, and technicians.

Did **REAGAN** tell the Pope about **HAARP**? Remember, **REAGAN** just sent an ambassador to the **VATICAN**, see 1984 January 10. Is there some connection between **HAARP**, **REAGAN**, the Pope, and Fairbanks? What did **REAGAN** have in Fairbanks that he wanted to show to the Pope? Was it **HAARP**?

The report in the NY Times mentions that **REAGAN** and the Pope discussed "unspecified regional problems." Was the region Alaska? Was the problem **HAARP**?

The Pope needed to see some world class problem and he saw it in Fairbanks. Is Fairbanks a logical place for a head of state to entertain a world class figure like the POPE?

1984 May 20, **ANDREI SAKHAROV**, father of **Soviet "H" BOMB**, seeks asylum for his wife Yelena Bonner in **U.S.** Embassy. In prison since 1980, starts hunger strike (protest strike, not religious fast). What would make us want to protect her? That's like the **RUSSIANS** protecting **EDWARD TELLER'S** wife - if he has a wife.

1984 June 11, U.S. Army reports new antiballistic missile has made first successful test.

VERY IMPORTANT DEVELOPMENT

Many years after the test, in 1993, anonymous Strategic Defense Initiative (**S.D.I**) researchers (read **STAR WARS**) charged that at least one space test had been rigged in order to supply a successful result and that other data had also been falsified by **U.S.A.F. Caspar Weinberger**, defense secretary during the **REAGAN** years, at first **denied** the charges but **later** claimed that the test--and perhaps the entire Star Wars program--had been designed solely to **deceive** the **U.S.S.R.**, which was therefore forced to spend scarce resources on its own program of space-based defenses.

(See 1983, March 23, **REAGAN** from GROLIER MULTIMEDIA ENCYCLOPEDIA)

To me, that makes as much sense as tricking the Germans in WW2 into spending a lot of money on **ATOMIC BOMB** research. That would have been a crazy thing to do. We kept **ATOMIC BOMB** research secret so no one else could have it.

VERY IMPORTANT DEVELOPMENT

REAGAN MAKES BIG JOKE ABOUT WAR

1984 August 11, REAGAN made remarks over the radio as though the U.S. had bombed the Soviet Union.

It was later called a joke. We have been told, REAGAN made the offensive remark on a radio test.

The reports are not clear. REAGAN may have been speaking about HAARP and our demonstration to the RUSSIANS of the awesome destructive power of HAARP. That's nothing to joke about, especially when you are the President.

Why did the media and the politicians hush up that serious breach of protocol? What is the possibility that it wasn't a joke? What if the bomb REAGAN spoke about was really HAARP?

THE JOKE?

"My fellow Americans, I'm pleased to tell you today that I've signed legislation that will outlaw RUSSIA forever. We begin bombing in five minuets." U.S. President RONALD REAGAN, Aug. 11, 1984.

Does that sound like a funny joke to you?

There is good reason to think we demonstrated the HAARP to the RUSSIANS sometime between August 11, 1984 (REAGAN sick JOKE) and December 19, 1986 (U.S.S.R. release of SAKHAROV). We may have conducted several different demonstrations to convince the RUSSIANS that the LIGHTNING BOLT storm wasn't a fluke.

1984 August 17, U.S.S.R. assigns Yelena Bonner to forced residence in Gorky where her husband ANDREI SAKHAROV, father of Soviet "H" BOMB is exiled. Was that to make things better for SAKHAROV?

Gorky was really a prison. Perhaps that's why she was forced. How would you like to be forced into prison for something your spouse did?

In the U.S.A. only the I.R.S. punishes a person for something their spouse did.

1984 September 6, Moscow: Chief of staff Marshal Nikolai Ogarkov relieved of duties.

1984 September 24, REAGAN at UN issues plan for arms control. The RUSSIANS had been pleading for arms control for years. Now REAGAN acts like he invented arms control. But, everybody must play by his rules.

1984 September 28, REAGAN and GROMYKO meet in White House to discuss improvement in relations. Did the discussion include Star Wars and HAARP? Star Wars is a buzz word for HAARP and HAARP is a buzz word for

Star Wars and **S.D.I.**, in some circles. Was that meeting really to discuss the rules of capitulation?

1984 October 17, **U.S.** Congress discloses existence of **C.I.A.** terrorist manual.

1984 October 18, **B-1B** bomber flies first time. The bomber was designed to only have one wire installed in each wing and tail section. The different frequencies on the wire are signals that move the control surfaces. It never really worked because it works like the telephone dial tone system.

How many times has your dial tone system goofed you up? Would you trust your life to a system with the same reliability as your dial tone telephone? That's the reason they couldn't keep the B-1 flying.

1984 November 5, First helicopter Early Warning **RADAR UNIT** flies from Cornwall England.

1985

1985 January 3, Michael Deaver, Deputy Chief of staff for **REAGAN** resigns.

1985 January 18, **REAGAN** says **U.S.** will **not** take part in World Court ruling on Nicaraguan charges.

1985 January 31, **CHERNENKO** says **Star Wars** will escalate arms race. How did he know? What did he know? That indicates the **RUSSIANS** had not yet

given up. The trigger date should be sometime later than January 1985. Possibly we had already demonstrated once or twice.

1985 February 5, New Zealand refuses **U.S.** War Ship, port of call, because of nuclear arms on board. Australia decides to **not** help **U.S.** in a test of **MX** missile. Not everybody wants "The Ugly American."

1985 February 12, **U.S.** announces contingency plan to deploy nuclear arms in Canada, Iceland, Bermuda, and Puerto Rico. Those people don't mind hosting us.

1985 March 1, Pentagon accepts theory that atomic war will block sun causing "nuclear winter." Scientists had been promoting that idea for years. Now the military says they don't like atomic bombs as much as they used to.

1985 March 10, **CHERNENKO** died. Also ruled very short time.

1985 March 12, Geneva: **U.S.** and **U.S.S.R.** begin arms control talks.

1985 March 13, **MIKHAIL GORBACHEV** came to power. New General Secretary Communist Party. President of **U.S.S.R.** Started **PERESTROIKA**, (restructuring), and **GLASNOST** (truth). Why did he do that? His Foreign minister was **EDUARD SCHEVARDNADZE**.

1985 April 7, **Soviets** announce unilateral freeze of medium-range missiles.

Postulate: GORBACHEV started to save money on military projects immediately. Who needs medium-range missiles to face the new U.S. HAARP?

A short-range missile on a good launch platform can do as good as a medium-range missile. And a long-range missile can often work in a medium-range.

1985 April 14, Pravda calls **REAGAN** Bitburg visit an "act of blasphemy." (Bitburg, a German cemetery for Nazi S.S. troopers.)

1985 May 5, **REAGAN** enrages most of the world by visit to Bitburg cemetery.

1985 May 19, Rep. Les Aspen says military got 18 billion extra in overblown inflation estimate.

How many other times has the Congress been outfoxed by our military and **C.I.A.**?

1985 May 20, John Walker, **U.S.N.**, Warrant Officer, and son arrested as spies.

1985 June 21, Star Wars LASER test successful on second try from space shuttle.

Remember, **Caspar Weinberger**, defense secretary during the **REAGAN** years, at first **denied** the charges but

later claimed that the test--and perhaps the **entire Star Wars program**--had been designed solely to **deceive** the **U.S.S.R.**, which was therefore forced to spend scarce resources on its own program of space-based defenses.

Was this test falsified by the **U.S.A.F.**? There is a good chance it was falsified. 1985 July 2, **EDUARD SCHEVARDNADZE** replaces Gromyko as foreign minister.

1985 July 9, David Stockman resigns as **U.S.** budget director.

1985 August 4, **Soviets** announce efficiency plans, decentralizing economic decision making. That was the working end of Socialism and Communism in the **U.S.S.R.**

1985 September 13, U.S.A.F. heat seeking missile destroyed orbiting satellite. Fired from F-15 fighter plane. Was this test also falsified by the **U.S.A.F.**, as described by Weinberger? This incredible news release is impossible for me to believe.

1985 September 16, **U.S.** declared Debtor Nation, first time since 1914.

1985 September 24, **U.S.** Congressional analysis says **Star Wars (HAARP?)** would raise risk of nuclear war. **REAGAN** seems to know more about **HAARP** than does the **U.S.** Congress.

1985 October 5, **GORBACHEV** shops for arms in Paris.

1985 October 24, **REAGAN** attacks **Soviet** imperialism in **UN** speech.

1985 November 4, **Vitaly Yurchenko**, **K.G.B.** leader, kidnapped by **C.I.A.**, escaped and returned to **RUSSIA**.

1985 November 21, **REAGAN - GORBACHEV** summit. What's up that is big enough to demand a summit? Could it be **HAARP**? The last summit was Sept. 84, only 14 months ago. Something's up.

1985 November 25, Ronald Pelton, **U.S. communications** expert admits spying for **Soviets**. What kind of communications? **HAARP**?

1985 December 4, Robert McFarlane resigns as national security adviser: Admiral John Poindexter named to succeed. This is the start of the arms for hostages scandal.

1985 December 12, **REAGAN** signs historic budget control act, Gramm-Rudman bill.

U.S.S.R. had serious fiscal problems, 1985 - 1987.

No logical explanation for the massive unparalleled changes in the government of the **U.S.S.R.** has been put forward until now.

VERY IMPORTANT DEVELOPMENT

1985, U.S.A.F. replaced old parabolic reflector RADARS with NEW PHASED ARRAY RADAR systems. AT THE SAME TIME THE U.S.A.F. also built four PHASED ARRAY RADAR Systems in four quarters of U.S.A. for early warning systems. Also, see 1991, PHASED ARRAY RADAR SYSTEMS, this report.

1986

1986 Hole in OZONE layer discovered in Antarctica.

Postulate: U.S.A.F. experimented with the four PHASED ARRAY RADARS and fiber optics, described before, which became the predecessor of HAARP. Knocked hole in OZONE layer in Antarctica.

Early in the program the RADIO BEAM [probably microwave RADAR] shot through the IONOSPHERE and the OZONE layer because the reflective properties and transmission properties of various frequencies were still to be learned and used.

1986 January 1, **REAGAN** and **GORBACHEV** exchange greetings publicly.

The "good buddy game." What turned those haters into lovers?

1986 January 15, **GORBACHEV** offers plan to eliminate all nuclear arms by 2000.

1986 January 28, Challenger exploded. No intention here to connect Challenger explosion to **U.S.A.F.** and **HAARP**.

1986 February 11, Anatoly Shcharansky, human rights activist, and three others, are freed by **Soviets**. In exchange **U.S.** and West Germany free five prisoners. This starts the buildup of a shocking number of exchanges of spies. Why? Was it because of **HAARP**?

1986 February 21, **C.I.A.** analyst Larry Chin, jailed for spying for Chinese, kills self in prison. Too many **C.I.A.** prisoners die of mysterious causes.

1986 April 11, **Soviets** threaten to resume atom tests in response to **U.S.** failure to halt testing.

1986 April 16, Stalin's daughter, Svetlana Alliluyeva, returns to Chicago. She had been in **RUSSIA** since 1967. Before that she had been in the **U.S.** for 17 years.

VERY IMPORTANT DEVELOPMENT

1986 April 26, **Chernobyl** meltdown. The word **Chernobyl** is the **UKRAINIAN** (not **RUSSIAN**) word for **wormwood**. Wormwood as used in the Holy **BIBLE** may be correctly translated Chernobyl.

Revelation 8:10-11, And the third angel sounded, and there fell a great star from heaven, burning as it were a lamp, and it fell upon the third part of the rivers, and upon the fountains of waters; ¹¹ And the name of the star is called **Chernobyl (Wormwood)**: and the third part of the waters became **Chernobyl (wormwood)**; and many men died of the waters, because they were made bitter.

The Holy **BIBLE** perfectly described the Chernobyl accident.

Quote from ENDTIME V3, No. 3, May, June 1995. "In the most badly affected areas, such as the Gomel area in the south, just over the border from Chernobyl --- In those areas the forest looks as though it had been struck by lightning."

That's a very intriguing account of the meltdown since we are looking for an event around this date accompanied by lightning bolts.

NEW CHEMICAL POISONS

1986 May 22, **NATO** accepts **REAGAN** plan to produce chemical weapons for first time since 1969.

Why was **REAGAN** flexing his muscles? First, new chemical weapons; later a threat to drop Salt 2.

1986 May 27, **REAGAN** warns he may abandon Salt 2 accord. See May 22, above.

1986 June 4, Navy analyst Jonathan Jay Pollard and wife plead guilty to spying for Israel. See below, U.S.N., N.A.S.A., F.B.I., C.I.A., all have foreign spies. How does that make you feel?

1986 June 5, **N.A.S.A.** worker Ronald Pelton found guilty as spy. See above and below, U.S.N., N.A.S.A., F.B.I., C.I.A., all have foreign spies. How does that make you feel?

1986 July 14, **F.B.I.** agent Richard Miller given life sentence for spying for **U.S.S.R.** See above and below, U.S.N., N.A.S.A., F.B.I., C.I.A., all have foreign spies. How does that make you feel?

1986 August 7, **C.I.A.** agent Edward Lee Howard defects to Moscow. See above, U.S.N., N.A.S.A., F.B.I., C.I.A., all have foreign spies. How does that make you feel?

1986 August 18, **GORBACHEV** extends **Soviet** test ban. What happened to his threats to resume atom bomb tests April 11, 1986?

1986 August 21, **Soviets** publish 400 page report on Chernobyl.

1986 August 23, **Soviet** physicist at **UN** arrested as spy.

1986 August 27, Report says **U.S.** accidentally dropped "**H**" **BOMB** on New Mexico in 1957. Why let the cat out of the bag, now?

1986 August 28, Jerry A. Whitworth given 365 years as spy for **Soviet** network. Called amoral, by judge. What was going on in 1986 that explains a flurry of spy revelations? Was it **HAARP**?

1986 August 30, **U.S.** journalist Nicholas Daniloff seized by **Soviets** as spy.

1986 September 3, **U.S.** offers to trade **Soviet** spy for Daniloff.

1986 September 11, Warsaw announces it will free 225 political prisoners.

1986 September 12, Daniloff freed by **Soviets** in exchange for **Soviet** physicist Gennadi Zakharov.

1986 October 5, **Soviet** dissident Yuri Orlov and wife arrive in NY.

1986 October 6, **Soviet** nuclear submarine sinks off Bermuda.

1986 October 13, **REAGAN** and **GORBACHEV** blame each other for failure of Iceland talks. **GORBACHEV** demands **U.S.** stop the Strategic Defense Initiative (**S.D.I.**), **Star Wars** (**HAARP**?) systems.

GORBACHEV says "Only a mad man could go forward with arms control if **S.D.I.** is developed." What did **GORBACHEV** know that we didn't know?

1986 October 21, **U.S.** ousts 55 **Soviet** diplomats. Something pretty big has just happened or is about to happen.

1986 October 28, **U.S.** exceeds **SALT 2** limits. So much for the promises of our government. It pains me to have to be the bearer of these tidings. Why? Because some kings might want to kill the bearer of bad news.

1986 December 18, **Soviets** to end moratorium on nuclear tests. Stopped in 1985. **U.S.** held at least 20 tests during **Soviet** moratorium. **Soviets** said, "We'll stop tests of **ATOMIC BOMB.**" in 1985.

Then **Soviets** said, "We'll resume **ATOMIC BOMB** tests." April 11, 1986.

////////////////////////////////////

VERY IMPORTANT DEVELOPMENT

1986 December 19, **GORBACHEV** released **ANDREI SAKHAROV**, **scientist**, father of **Soviet "H" BOMB**, political dissenter, from prison in closed city of **GORKY (NIZHNY NOVGORD)**.

*Postulate: Scientist **ANDREI SAKHAROV**, father of **Soviet "H" BOMB**, was released to help **U.S.S.R.***

*leaders analyze **U.S.A.F. New HAARP** weapon.*

*His political dissent that landed him in trouble was probably against earlier **U.S.S.R.** leaders, and not against **GORBACHEV** and/or **YELTSIN** and their new policies.*

A DEMONSTRATION OF HAARP

*A demonstration of **HAARP** to **U.S.S.R.** leaders may have been sometime around the December 19 release of **SAKHAROV**. He was probably released to attend the demonstration of **HAARP**.*

*There may have been several other demonstrations of our **HAARP** to the **RUSSIANS**.*

I have decided to search the literature for reports of massive lightning strikes and/or massive fires somewhere between the "REAGAN BOMB JOKE" August 11, 1984 and December 1986 (release of SAKHAROV - or a little later).

A discovery of a massive fire in a remote RUSSIAN forest may help to unravel the mystery.

The Chernobyl accident on April 26, 1986 is suspicious because it includes reports of lightning bolts and because it occurred within the suspicious time frame. **HAARP** lightning could have hit

the Chernobyl power grid which in turn could have caused a generator overload that could have resulted in the burning of the carbon blocks. A power grid is made of the high towers and high tension wires that surround all power generators. We do know that the plant operators had disconnected the generator trip circuits.

Find copies of the earliest reports of the accident which may give tips of what really happened. Government spin doctors usually ruin reports after the second day of any lasting event.

Please feel free to also look. I hope you find something.

Postulate: SAKHAROV (father of RUSSIA'S "H" BOMB) told the story about HAARP to selected leaders from his new official position.

That wasn't the straw that broke the camel's back. It was more like the grand piano that broke the camel's back.

1986 Soviet Space Station MIR launched.

1987

VERY IMPORTANT DEVELOPMENT

1987, EDWARD TELLER, was the codesigner of the U.S. Hydrogen Bomb. He was a major proponent for the X-RAY LASER which had been (up to that point) the major element of the "Star Wars" Strategic Defense Initiative (S.D.I.). EDWARD TELLER visited

HAARP in Alaska soon after RUSSIAN SAKHAROV was released from prison. SAKHAROV was the counterpart for TELLER in RUSSIA because SAKHAROV designed the RUSSIAN "H" bomb, like TELLER designed the "H" bomb in the U.S.A.

After TELLER's visit, HAARP was removed from ARCO supervision and turned over to the Phillips Laboratory, a part of the U.S.A.F.. (Anchorage Press, Vol. 5, Ed. 31/Aug. 1996)

Now we have the U.S. "H" BOMB expert, TELLER, and the U.S.S.R. "H" BOMB expert, SAKHAROV, taking very active parts in their respective governments.

TELLER connects HAARP into the very highest levels of U.S. government.

It's logical and possible that TELLER heard about our HAARP about the same time we demonstrated HAARP to the RUSSIANS.

- Then in 1987 did TELLER high tail it up to Fairbanks to take over the HAARP and then make it part of his Atomic Bomb Group?
- Did TELLER assist in HAARP at first?
- Is TELLER a Johnny come lately?
- Are there people in Fairbanks who are burned at the take over from ARCO?
- Did anybody loose a job or receive a lower assignment due to the take over?

For atomic bomb people in charge, see:

- University of California at Berkeley
- Lawrence Livermore Laboratory
- Jet Propulsion Laboratory
- Los Alamos Laboratory
- Hanford Atomic Laboratory

I want to connect the above listed **HANFORD ATOMIC LABORATORY** into this story, for what it's worth. When I was teaching the **BIBLE** seminar in Washington state, the location of the seminar was just outside the gate at **HANFORD**.

A worker at **HANFORD** gave me a baseball cap with the **HANFORD** atomic **insignia** on it.

Without giving it a thought, I wore that cap to the **HAARP** open house in Alaska.

The **HAARP** scientists were more than cordial to me. They were very open. Do you suppose that they thought they were talking to an agent from **HANFORD**? At the time of the hat presentation in Washington no one knew that I would be inspecting the secret **HAARP** Air Force Base in Alaska.

I'm not a spy. I'm a religious reporter. It looks like our GOD set things up so the Christian community can know what's happening.

If you get a chance to see the T.V. show about **HAARP** you will see my Hanford baseball cap.

If you believe that our GOD set up the whole scenario, like I do, then you will apply **deductive** reasoning to the whole story and **deduce** that I was just an actor, chosen by God, to act out a **predestined** part. If you are still thinking **scientifically**, then your **inductive** reasoning has to be pretty weary, tired, and stretched very thin by now.

SAKHAROV performs the same service to **U.S.S.R.** by also connecting **HAARP** into the very highest levels of the **U.S.S.R.** government as did our **TELLER**. Remember, both are fathers of the "**H**" bomb.

*Postulate: **HAARP** got too big for **ARCO** and the University of Alaska. **Edward TELLER** moved **HAARP** into the arena of Atomic Bomb experts at the DoD.*

***HAARP** is now a big stick for our covert government to use to whip foreign governments into our line. This development can not be overemphasized. We must learn and document all the details.*

1987, August 11, Patent granted to **BERNARD J. EASTLUND** for a "**METHOD AND APPARATUS FOR ALTERING A REGION IN THE EARTH'S ATMOSPHERE, IONOSPHERE and/or MAGNETOSPHERE.**"

- Pat. No. 4,686,605.
- Assigned to **APTI** (subsidiary of **ARCO**).

- Patent applied for around 1985.
- Sometime before 1985 work started on **HAARP**.
- It may not have carried the **HAARP** name at that time.
- **RICHARD WILLIAMS**, Princeton physicist, says **HAARP** might become a serious threat to earth's atmosphere and could cause irreversible damage.
- Patent language indicates global scale not local.

Patents are not granted until the theory is successfully demonstrated with equipment. That means **EASTLUND** must have demonstrated his **HAARP** claims sometime before August 11, 1987.

The postulated window of possibility of our **HAARP** strike against the U.S.S.R. from August 11, 1984 to December 19, 1986 fits.

1987 fall, **BORIS YELTSIN** dropped from top leadership.

1987 end, **GORBACHEV** reduced (nearly eliminated) alcohol sales in **RUSSIA**. This act was blamed for economic collapse of **U.S.S.R.**, due to loss of tax revenue.

Postulate: U.S.S.R. brought down by lack of some bottles of BOOZE?? Ha! Ha! Ha!

See GROLIER Multimedia Encyclopedia. GROLIER

INTERACTIVE, 90 SHERMAN TURNPIKE, DANBURY, CT 06816.

1988

1988 **GLASNOST** on full speed.

1988, January 2, Report date: The **U.S.** military began to secretly test laser for **S.D.I.** on December 23, 1987.

Remember. **SAKHAROV** was released one year earlier, December 1986.

That points to the time period from August 11, 1984 (**REAGAN BOMB JOKE**) to December 1988, (allow a year for testing) as likely to produce a report of strange lightning strokes. Location? Anywhere.

1988 **GORBACHEV** revealed secret crimes of **STALIN** era.

1988, January 12, **U.S.** and Soviets agree on scientific cooperation pact. Keep each other informed. That really means we kept U.S.S.R. updated about our **HAARP**.

See **REAGAN** announcement that he wanted to share information with the **RUSSIANS**, March 29, 1983.

1988, January 16, **U.S.** made 117 secret nuclear tests in last 25 years.

1988, January 15, **ANDREI SAKHAROV** gives a list of prisoners he wants freed to **GORBACHEV**.

Those are the RUSSIAN "H" bomb workers and scientist friends who helped SAKHAROV design the RUSSIAN "H" bomb. The RUSSIAN Military Industrial Complex threw them all in jail after they developed the RUSSIAN "H" bomb.

Remember the pirate stories? The Captain would have a few crew members bury the treasure. Then he killed them all in cold blood, to keep them from talking.

1988 **YELTSIN** and **ANDREI SAKHAROV**, scientist, father of Soviet "H" BOMB, elected to legislature. **SAKHAROV** just got out of jail. **YELTSIN** was just dropped from Communist Party leadership. They had just been in the dung heap. Now, they smell like roses. There must be a reason. Was it **HAARP**?

1988, February 8, U.S. launches rocket in **S.D.I.** test, most elaborate and expensive yet.

1988, March 20, Report, 2 years ago, Secret project. U.S. laboratory successfully produced nuclear fusion. 1988, March 24, Israel is making atomic bombs. Wow! Is there any connection between these facts?

- Atomic fuel was robbed from Apollo, Pennsylvania atomic fuel processing plant.
- The plant manager took week end trips to Israel.

- It takes about 16 pounds of enriched uranium (12% U235 and 88% U238) to make one bomb.
- Fuel for over 200 atomic bombs is missing from Apollo.

Do you think our government had to be a part of the clandestine operation? Was it really a gift of atomic fuel from the U.S.A. to the nation of Israel? If you were an Arab, what would you think of such a gift?

1988 **SOVIET** troops withdrawn from Afghanistan. The **SOVIET** Afghanistan war and the April 86 Chernobyl atomic accident are the real reasons that the **SOVIET** economy collapsed. They couldn't handle them both.

1988, April 10, Soviets are requested by **REAGAN** to open their media to U.S. media.

The Reverend Dr. Robert Schuller and his **HOUR OF POWER** started showing on **SOVIET T.V.**

1988, April 13, U.S. business men numbering 500 meet with **GORBACHEV** to set up economic reforms. Dr. Armand Hammer was our leader in building economic bridges between the **SOVIETS** and the U.S.A.

The Arm and Hammer are the symbols of **SOVIET** Communism. They are also the symbols of U.S. baking soda. Armand Hammer spent his money to get our Schuller on **SOVIET T.V.**, after

REAGAN pried the door open. Perhaps the door was "Hammered" open first.

1988, April 20, Stealth bomber B-2, new information released by **U.S.A.F.**

1988, April 20, Assassination photos of J.F.K. 2,400 were destroyed by covert **U.S.** government agents. Was this done as a trade for some **SOVIET** concession? Why would **SOVIETS** want those pictures destroyed?

Who else wanted the evidence destroyed?

- Castro?
- Kennedys?
- Johnson?
- Warren Commission?
- Masons?
- Knights of Columbus?
- C.I.A.?
- F.B.I.?
- Mafia?

Why has there been a media black out about the destroyed pictures?

1988, April 29, McDonald's to open 20 restaurants in Moscow. That only took 16 days for McDonald's to respond to the **GORBACHOV** invitation. See above.

The cow really did jump over the moon, that time.

1988, May 4, Space shuttle fuel plant rocked by 3 explosions, Henderson, NV.

1988 **U.S.** ratified Intermediate-Range Nuclear Forces Treaty. **U.S.A.** and

U.S.S.R. to get rid of some **ATOMIC BOMBS**. Short-Range missiles and Long-Range missiles eliminate the need for Intermediate-Range missiles.

Years before, I was a Senior Industrial Engineer working on the Short-Range, submarine launched, missile named **SUBROC**, now named **HARPOON**.

1988, July 20, Siberian radar station to be torn down.

1988, July 22, Eight Soviet missile inspectors are spies. Barred from **U.S.**

1988, September 16, Soviets offer to trade giant Siberian radar station to international consortium for experiments in exchange for reports from the experiments.

1988, September 19, Satellite launched by Israel.

1988, September 27, Lt. General James A. Abrahamson resigns as boss of **S.D.I.** research. Look into this some more.

1988, September 30, Congress releases report on cover-up of 3 bad accidents at Savannah River weapons material plant.

1988, October 6, \$69 billion released for **S.D.I.** deployment. That's billion, not million. Because of recent success?

1988, October 26, **U.S.** shuts down 3 nuclear plants because of bad safety records. Hanford, Washington, and Savannah River, South Carolina, and

Rocky Flats, Colorado. For over 20 years our government lied to us about the safety of the plants.

1988. November 4, Seventeen workers found contaminated with plutonium at Savannah River. Our citizens seem to need to believe our government in spite of all the evidence that convicts the government as big liars. I wonder if those people really do need to have something to believe in, so they choose to believe a lie? Sad.

1988 November 10, **U.S.A.F.** unveils Nighthawk F-117A spy-plane. Has been in operation since 1983. Why did the **U.S.A.F.** decide that it would do no harm to reveal the facts at that time? Was it connected to **HAARP**?

1988, November 15, Giant radio telescope collapses in mysterious accident. Green Bank, WV.

1988, November 22, After ignoring state order for a long time, Feds start clean up of Ohio nuclear plant.

1988, November 30, Soviets stop jamming **U.S.** radio broadcasts.

1989

1989 **Soviet** control over Eastern Europe **ENDED.**

1989 Independent governments established.

1989 *Postulate: **TELLER** tightens control over **HAARP**. Communism looses control at the same time.*

1990

1990 March, Lithuania independent.

1990 June, **YELTSIN** elected president of **RUSSIAN FEDERATION, RUSSIA** not **U.S.S.R.** **RUSSIA** is the name of the country called the U.S.S.R. **RUSSIA** is also the name of a state in the U.S.S.R. This causes a lot of confusion.

1990 **GORBACHEV**, still head of **U.S.S.R.**, tried to preserve union, **U.S.S.R.**

1990 **U.S.S.R.** Agricultural subsidies reduced. **U.S.S.R.** bread prices up.

1990 **GORBACHEV** tried to convert **Military/Industrial Complex** to production of nonmilitary goods. Little progress.

COMMUNIST PARTY OFFICIAL SUPREME POWER ENDED.

1990 end, **SHEVARDNADZE** resigned as **GORBACHEV'S** foreign minister in protest of **GORBACHEV'S** attempts to preserve the union. **SHEVARDNADZE** suggested that **GORBACHEV'S** policy would end in return to **DICTATORSHIP.**

1991

1991 January 18, Desert Shield/Desert Storm. Ninety nine out of 100 U.S. citizens did not know where Kuwait was. Few do now.

By the way, in an economy move, the U.S. Marines called up their civilian reserve troops to fight the Kuwait war, at the same time they were discharging regular Marines who did not want to be discharged.

1991 June 17, Alaska Airlines offers scheduled flights to **U.S.S.R.** First from West Coast.

1991 **GORBACHEV** repealed Article 6 of the **U.S.S.R.** Constitution (which gave power to the Communist Party of the Soviet Union, acronym **C.P.S.U.**) thereby removing **C.P.S.U.** from **U.S.S.R.** government.

GORBACHEV signed Strategic Arms Reduction Treaty, acronym **START**.

1991 August, **COUP D'ETAT** - a sudden decisive exercise of force unseating the personnel of a government. (U.S.S.R.)

C.P.S.U. combined with the **K.G.B.**, the Ministry Of Internal Affairs, and others, to put **GORBACHEV** under house arrest, at his vacation home on the coast of the Black Sea. Also, at the same time Russian troops in tanks moved against the "White House" in Moscow and **YELTSIN**, but the Russian troops

refused to attack **YELTSIN**. That was really a civil war.

*Postulate: **GORBACHEV** revealed the **HAARP** project and its devastating effect to the select military and government leaders who were against him and his policies.*

*They **then** realized that the war with the **U.S.A.** was over and that the **U.S.A.** was now in control of **GORBACHEV**.*

*Some turned to become his friend again. They ordered the troops **NOT** to **KILL** him. They later began to support his actions.*

*They then also had to support **YELTSIN**, some reluctantly.*

Remember, our **General Haig** rattled his sword at the **RUSSIANS** and warned, "We'll use our atomic bombs first." Did the **RUSSIANS** believe that? It looks like they did.

VERY IMPORTANT DEVELOPMENT

1991, U.S.A.F. eliminated U.S. West Coast Over The Horizon (O.T.H.) RADAR. Replaced with PHASED ANTENNAS ARRAY RADAR. That resulted in improved outlook range and improved target bearing accuracy. Do not become confused by 1985 elimination of old parabolic radars and replacement with new **PHASED ANTENNA ARRAY RADAR systems. There is a difference. The **O.T.H.** radar**

was super strong and it used **IONOSPHERIC** reflection to hit a target area, just like **HAARP**.

HAARP also has **PHASED ANTENNA ARRAYS**.

As of **1991**, there was only one more technology that remained untold - **LASER RADIO COHERENT WAVE PULSE RAY** technology. **PHASED ARRAY ANTENNAS** are used on new airplanes. The **U.S.N.** uses the new **PHASED ARRAY ANTENNAS** for the new **AEGIS** Weapon System. That improves the precision of the target angular bearing information by several magnitudes. **PHASED ANTENNA ARRAYS** give our new missiles and our new **HAARP** a new pinpoint accuracy.

1991, December 15, Alaska Daily News, major article on **HAARP**, millions of amperes in the Electrojets that flow in the **IONOSPHERE** sometimes touch the earth and knock out telephone cables and power grids. An undated clipping from an Alaska newspaper says, "Light, Explosion a Mystery. Fairbanks-area residents were puzzled Wednesday night by a mysterious surge of bright light stretching across the horizon, followed by a rumbling sound and earthquake like vibrations. 'It was bluish and kind of like a neon light. It lasted a couple of seconds.'"

Check to see if **HAARP** was operating on December 14th, 1991.

1991 December 19, **U.S.S.R.** Aeroflot reports 40% of their fleet grounded by fuel shortages due to **U.S.S.R.** economic crisis.

1991 December, **COUP DE GRACE** - an act or event that puts an end to something.

SOVIET UNION DISSOLVED. ENDED. FINISHED. Replaced by Commonwealth Of Independent States. (C.I.S.) The end.

1991 **GORBACHEV RESIGNED. YELTSIN** still a major leader.

No wonder **GORBACHOV** resigned. There was no more country for him to rule over. But, the state of **RUSSIA** kept on going. **YELTSIN** is like a governor of a state, not a president of a country. What makes these waters so very muddy is that the word **RUSSIA** has two meanings.

- 1 One, the name of a former country.
- 2 Two, the name of a local (big) state.

CIVIL WAR

There was a bad fight between the state of **RUSSIA** and other former **U.S.S.R.** states such as Georgia. What did they fight over? Who owned the military tanks, airplanes, navy ships, atomic bombs, etc. They are still fighting.

The state of **RUSSIA** seems to be winning over the other states. It's a civil war and it's not over.

Analysts greatly fear that U.S.S.R. atomic bombs will fall into the hands of Moslem Arabs. The Moslem influence in the southern former U.S.S.R. states is very large.

They favor the interests of the other Moslem Arab countries over the interests of the atheistic **RUSSIA**, whose hated people used to rule over them. Now they're free. The problem is that the U.S.S.R. atomic bombs are now being controlled by the Moslem states. There is a good chance that **LIBYA** or **IRAN** may purchase an atomic bomb from a Moslem brother in a southern former U.S.S.R. state, like Georgia.

HOLY WAR

RUSSIA is trying to turn their civil war into a religious war. Cagey **GORBACHEV**. Act like you want to give the glorious church buildings back to the Christians. Invite Dr. Robert Schuller, and other noted Christian preachers like him, to appear on **RUSSIAN T.V.** Make it look like **RUSSIA** is returning to Christianity long enough to get other Christian nations to come help put down the Moslem backed civil war. Use the Christian nations to kill most of the Moslem trouble makers.

Make the U.S.A. and England fear that the Moslems in Georgia will sell Libya and/or Iran an atomic bomb.

That should scare the pants off Israel. That will polarize the whole world into a religious war. That will help precipitate a Shiite Jihad "Holy War."

What do the Moslems have against us?

Israel? Yes. Israel! We are Israel's strongest ally. That's what the media says. But, that's not their main gripe. They call us the "Great Satan." Why?

USURY

Our nation is sold out to charging interest on a debt. It's called **USURY**. The **BIBLE** is clear that **USURY** is in the realm of murder. (Ezek. 18:13) Few preachers in the U.S.A. and Great Britain teach about **USURY** because the Christians don't want to hear what the **BIBLE** has to say about **USURY** (charging interest on a debt). The same story is true in Israel among the Rabbim, with one exception.

Jews are allowed to charge gentiles interest on money that Jews loan to gentiles.

Moslems don't practice **USURY**. Moslems don't charge anyone interest. They believe that nations that charge interest (**USURY**) are part of the **GREAT SATAN**. What the media won't tell you is that much of the unrest in the mid-east is really about **USURY**.

The bad thing is that the **BIBLE** sides more with the Moslems than it does with us. A just GOD like YAHWEH is going to make the U.S.A. pay for completely ignoring His word in the matter of **USURY**.

We went to the **USURY** banking system in 1780. In order to completely have all our GOD's blessings we must change our banking system. But, our preachers don't know much about our money history.

Tragically, our preachers won't tell the church what our **BIBLE** says about **USURY**. What a mess.

Here are some scriptures about **USURY**.

Exodus 22:25, If thou lend money to *any of my people that is poor* by thee, thou shalt not be to him as an usurer, neither shalt thou lay upon him **USURY**.

Leviticus 25:37, Thou shalt not give him thy money upon **USURY**, nor lend him thy victuals for increase.

Ezekiel 18:13, Hath given forth upon **USURY**, and hath taken increase: shall he then live? he shall not live: he hath done all these abominations; he shall surely die; his blood shall be upon him.

ARMAGEDDON

All prophets from all religions have written about the soon coming "Holy War." The Christian **BIBLE**, New Testament, Book of Revelation, calls the next war "Armageddon."

The **RUSSIANS** need a smooth cagey leader to pull it off.

1992

1992 January, **C.I.S.** phased out the price controls. In August the Russian (state) bread went to 50 times January price.

1992 May 28, Global Positioning System (**G.P.S.**) now available to civilian pilots. In use by military since 1975. Why was **G.P.S.** released at that time? We had kept it from the **RUSSIANS** for a very long time. Were the **RUSSIANS** judged to be no longer a threat?

1992, President **BUSH** and **YELTSIN** agreed to slash **NUCLEAR warheads** from 22,500 to 7,000 combined. Both will keep submarine **MIRVS**.

Our Ohio Class Submarines with 24 missiles and 240 **ATOMIC BOMBS** riding **Multiple Independently-targetable Reentry Vehicles (MIRV)** act as a deterrent force to prevent any nation from launching a surprise attack against us.

If they do attack us, they know they will be completely annihilated by one of our fifteen Ohio Class Trident Missile launch submarines. They all carry names of States.

BIG SECRET

*Postulate: Why is our government afraid that someone will spill the beans about our **HAARP**?*

*The answer: A third world country can now become a first world threat. Most any third world country could develop their own **HAARP**. **HAARP** is too big for a terrorist to duplicate. But a clever third world government could develop, build, and conceal their new **HAARP** from satellite surveillance until the day they wanted to use it.*

*So, we could say that **HAARP** could become a third world **ATOMIC BOMB**, in a sense. That's a good reason to try to keep the military mission for **HAARP** a secret.*

If we could have done it, it would have been best to keep the atomic bomb a secret.

1993

1993 April, RUSSIAN National REFERENDUM backed YELTSIN.

1993 September 21, Attempt to IMPEACH YELTSIN.

- Another RUSSIAN military COUP D'ETAT.

Bloody fighting for 2 weeks in Moscow.
1993 October 4, YELTSIN troops stormed parliament, arrested opposition leaders.

*Postulate: Back and forth, and back and forth until the old hard liners got the secret word about **HAARP**. Then they quit opposing the changes YELTSIN and GORBACHEV have*

*made. Why did they make the changes? Because we told them we would hit them with **HAARP** if they didn't change. The war is over. U.S.S.R. lost. U.S.A.F. won.*

Why does GORBACHEV keep an office and a staff in California at the present time? Is that part of a payoff? Is the California office a safe heaven, if plans go sour in RUSSIA?

1993 December, NEW RUSSIAN Parliamentary elections. NEW Constitution. NEW CENTRAL BANK. This is disturbing news.

Postulate: We should be hearing about fights between the New Central Banks and the government of RUSSIA and/or other states. Somehow, our U.S.A.F. will prevent the New Central Banks from assuming complete control of RUSSIA (and the other former states of the U.S.S.R.), as they have of us. This should start the collapse of the row of dominos (Central Banks).

This will allow the people to set up a good righteous money system, not systems whose money value is controlled by the Central Banks.

The U.S. Constitution, Article 1, Section 8, makes our present Federal Reserve issued money into unconstitutional funny money.

The issue has never gone to our Supreme Court because the court would have to find against the Federal Reserve, the

Central Banks, and the **International Banks**. Our Constitution gives the power to coin money and to regulate the value thereof to our **Congress**, not the illegal **Federal Reserve Banks**.

The fake Feds took us off the gold standard and later they took us off the silver standard. Now the value of our money is **illegally** set by the **Federal Reserve**.

1994

1994 June, End of VOUCHERS. Vouchers had been given to everyone. 10,000 rubles to each to start a new economy.

That's a bad sign of **Central Bank** interest in and control of **RUSSIA**. They did that to the Germans when they lost WW2. That's a good sign of **U.S.A.F.** influence and control of **RUSSIA** because the vouchers failed. See 1993 December, above, **NEW CENTRAL BANK**.

1996

1996, February 11, T.V., CBS, "60 MINUTES", piece, **ELECTROMAGNETIC/PSYCHOTRONIC WEAPONRY**.

1996, November, Aircraft Owners and Pilots Association, **PILOT** Magazine, inside back cover, Insight advertisement, Red Sprites and Blue Jets discovered.

They conduct the electricity in the **IONOSPHERE** through the relative

vacuum of lower space to the top of the thunderhead clouds. They are directly associated with **lightning bolts**.

*Postulate: They are Mother nature's way of producing **lightning bolts**. The **HAARP** provides a man made ionized plasma path to do the same thing. The difference is that **HAARP** aims the lightning bolt at a target.*

*Don't be mislead into thinking that the Red Sprites and Blue Jets were discovered in November 1996. That's the date we got the word. The discovery of the effect had to be sometime before the **EASTLUND** patent of August 11, 1987. If you read some of the reports listed in this Bibliography (at the end) you will find that our government spent millions and millions of dollars investigating the nature of the Red Sprites an Blue Jets around 1994 to 1996.*

1997

1997, February, Popular Mechanics Magazine, article, **U.S.A.F.** and Weather Control using **lightning bolts** as a tool to destroy selected targets.

1997 April 8, Fort Myers News-Press, U.S. Plots (Photon) Missile Defense.

The cat is out of the bag now. *Hid no more.*

+++++

BIBLE PROPHECIES AND THE SECRET WAR.

The **BIBLE** has some things to say about these events of the end times and the coming millennium of peace.

Postulate the insertions and explanations in the following annotated scriptures:

Revelation 13:13, *And the false prophet (he) doeth great wonders, so that he maketh **HAARP lightning bolt** (fire) come down from heaven on the earth in the sight of the men.*

The **false prophet** is an anti-type of the **Holy Spirit**. Both bring **thoughts** to men. The **false prophet** brings **bad** destructive thoughts to men.

Conversely, The **Holy Spirit** brings **good** constructive thoughts to men.

Postulate as above:

Revelation 17:12-18, *And the ten horns (**Horns in prophecy refer to ARMIES and/or NAVIES, or military leaders of nations. Now-a days we must extrapolate and add the AIR FORCE.**) which thou sawest are ten kings, which have received no kingdom as yet; but receive power as kings one hour with the beast.*

13 These (*Armies, Navies, and/or Air Forces*) have one mind, and shall give their power and strength unto the **Antichrist** (beast). (*The **Central Banks** control all governments and all military in the world - for awhile.*)

14 These (*Armies, Navies, and/or Air Forces*) shall make war with the (Christ) Lamb, and the Lamb shall overcome them: for Christ (He) is Lord of lords, and King of kings: and they that are with him are called, and chosen, and faithful.

15 And he saith unto me, The waters which thou sawest, where the **CENTRAL BANKS** (whore) sitteth, are peoples, and multitudes, and nations, and tongues.

16a And the ten **U.S.A.F. horns** (along with other military powers) (horns) which thou sawest upon the **Antichrist (beast)**, these (**U.S.A.F. horns along with other military powers**) shall hate the **CENTRAL BANKS**.

*And the horns shall hate the International Monetary Fund (IMF), which are Mystery **BABYLON the Great** (whore). See Rev. 17:1-5.*

The love of money is the root of all evil.

1 Timothy 6:10 **10 For the love of money is the root of all evil:** which while some coveted after, they have erred from the faith, and pierced themselves through with many sorrows.

*The **U.S. Air Force** along with other military powers will hate the **INTERNATIONAL BANKING SYSTEM** because they fought wars, bled and died, for the expansion and protection of the **Central Banks**.*

Revelation 16b, and shall make her desolate and naked, and shall eat her

flesh, and burn her with fire. *The U.S.A.F. along with other military powers shall destroy the **CENTRAL BANKS** symbolized by **BABYLON**. The Prince of Peace shall wrest control of the minds of senior officers of the U.S.A.F. and other military powers.*

*Christ shall turn their minds from serving the evil **USURY** (interest on a loan) banking system.*

*They shall really become officers and gentlemen when they use the new **HAARP** to rid the world of the present money system that makes the rich richer and the poor poorer.*

17 For God hath put in their hearts to fulfill his will, and to agree, and give their kingdom unto the **Antichrist** (beast), until the words of God shall be fulfilled. *(Then, at the end, the U.S.A.F. horns along with other military powers will turn to destroy the **Antichrist beast** - the **Central Banks** - the **International Monetary Fund**.)*

18 And the woman which thou sawest is **Jerusalem** (that great city), which reigneth over the kings of the earth.

Jerusalem: Revelation 11:8, 18:24, and Matthew 23:35-37 are the scriptures that identify Jerusalem as being “that great city.” Jerusalem will loose it's control over the **U.S.** and the whole world.

Revelation 11:8 “That great city”

8 And their dead bodies *shall lie* in the street of the **great city**, which spiritually

is called Sodom and Egypt, where also **our Lord was crucified**.

Revelation 18:24 “All the blood”

24 And in her was found the **blood of prophets, and of saints, and of all that were slain** upon the earth.

Matthew 23:35-37 “All the blood”

35 That upon you may come **all the righteous blood shed upon the earth**, from the blood of righteous Abel unto the blood of Zacharias son of Barachias, whom ye slew between the temple and the altar.

36 Verily I say unto you, All these things shall come upon this generation.

Jerusalem, Jerusalem

37 O **Jerusalem, Jerusalem**, *thou* that killest the prophets, and stonest them which are sent unto thee, how often would I have gathered thy children together, even as a hen gathereth her chickens under *her* wings, and ye would not!

The **CENTRAL BANKS** control most parts of all governments to different degrees.

We are not talking about your local bank or banker. They have no control of international events.

The **U.S.A.F.** had to keep **HAARP** secret from the **CENTRAL BANKS**, according to the Book of **REVELATION**. The result will destroy the **CENTRAL BANKS** of the world. That will destroy the evil world governments. That will usher in the time when this prophecy will be fulfilled.

"And the seventh angel sounded; and there were great voices in heaven, saying, The kingdoms of this world are become the kingdoms of our Lord, and

of his Christ; and he shall reign for ever and ever." Revelation 11:15

All military groups are bad when they are destroying. They are good when they try to keep the peace.

*The U.S.A.F. is an enigma. It is as if the U.S.A.F. is the head of an aggressive alligator gone mad, and the **Central Banks** are the tail of the same alligator. We watch in wonder as the alligator bites off it's own tail and eats itself up.*

MORE MISSILES

The Holy **BIBLE** has some more things to say about our **U.S.** missile system.

We learn from the book of Revelation that a "beast" will come up out of the sea. It will have 10 horns.

Revelation 13:1, And I stood upon the sand of the sea, and saw a beast rise up out of the sea, having seven heads and ten horns, and upon his horns ten crowns, and upon his heads the name of blasphemy.

When we look at our **TRIDENT** missile we note that it comes up out of the sea. It has 10 Atomic Bombs (**horns**) that ride on top of 10 **MIRVS**. Each bomb (**MIRV**) can be programmed to go to a different target.

One **TRIDENT** missile can carry 10 Atomic Bombs (**horns**) from a submerged Ohio class submarine, up out of the sea and guide them into the interior of a country like **RUSSIA**. Then it separates

into 10 different Atomic Bombs (**horns**) which continue on toward their own separate 10 targets. The submarine can launch 24 such missiles in 20 minutes. That's 240 atomic bombs.

Is it strange that the **U.S.** Navy's **TRIDENT** missile comes up from the sea, and has 10 Atomic Bombs, just like the book of Revelation predicted?

We learn from the book of REVELATION that another "beast" comes up out of the earth. Out from its mouth come **three "frogs"** that bring destruction of **fire, smoke** and **brimstone**. When we look at our Long-Range **MX** missiles we note that they come up out of the earth. They carry **3** Atomic Bombs (**frogs**) that ride **3** **MIRVS**. Each bomb (**MIRV**) can be programmed to go to a different target.

Revelation 13:11, And I beheld another beast coming up out of the earth; and he had two horns like a lamb, and he spake as a dragon.

Revelation 16:13, And I saw three unclean spirits like frogs *come* out of the mouth of the dragon, and out of the mouth of the beast, and out of the mouth of the false prophet.

One **MX** missile can carry **3** Atomic Bombs (**frogs**) from the underground silos, up out of the earth, into a country like **RUSSIA**. Then it separates into **3** different Atomic Bombs (**frogs**) which continue toward their own separate targets.

Is it strange that our **U.S.A.F. MX** missile comes up out of the **earth** and has **3** Atomic Bombs, just like the book of Revelation predicted?

We also learn the name of the **chief** missile in our arsenal from the book of Revelation. The missiles (beasts) have a king (big leader) over them. The missile's (beast's) name is **APOLLYON** in Greek - **APOLLO** missile in English.

Is it strange that the **name** of **NASA's** chief missile is **APOLLO**, just like the book of Revelation predicted about 2000 years ago?

Here are the references, if you want to study them. Revelation 9:13-21, Revelation 13:11-18, Revelation 16:12-16. The Atomic Bomb is described in Acts 2:19 and Joel 2:30. You need to know that the word "pillar" of smoke is the same as "vapor" of smoke. The etymology of "pillar" is from "palm tree," the exact shape of the Atomic Cloud.

The main weapons of our **country** and our **century** are described in the book of Revelation. Most everyone has heard about **ARMAGEDDON**, the last war. It's right in the middle of all those weapons and bombs in Revelation. Is everything going according to the way our **GOD** planned - or what?

What's the good news?

NO MORE WAR

Our missile systems and our **HAARP weapon** will eventually force all nations to settle their differences by means other than war. That's a new idea. **No more war!**

What's that got to do with the **International Banks?**

World Book Encyclopedia tells us that **every war** since 1776 has been financed by the **International Banks**.

- It implies that if the **International Banks** did **not** want the war, they did **not** loan the money for the war.
- The power of war and peace is in the hands of the **International Banks**, not the countries or the rulers.
- Wars create vast wealth for the **International Banks**.
- Without continuous wars, appropriately spaced, the **International Banks** will have to **fail**.

How awesome! The improved weapons of war will eventually **keep wars from happening**. Without wars, a new righteous money system will emerge. This time the control of the money system will remain with the people.

At that time you may save \$10,000 for the college education of your children or grandchildren, and it will still be worth \$10,000 by the time they are ready to spend it. Can you do that now, with our present money system?

The Kingdom of God will have righteous banks that do not promote war, or make money from war. They will observe the Biblical **USURY** laws.

How did **HAARP** affect the **International Banks**? The **secret war** between the **U.S.A.F.** and **RUSSIA** did **not** cost a drop in the bucket compared with the cost of a regular big war.

A war between the **U.S.A.** and **RUSSIA** **should have been** approved by the **International Banks**, according to the World Book Encyclopedia. **But, it wasn't.**

The **HAARP** war eliminated the control of Communism over **RUSSIA**. The **International Banks** did **not** make any **profit** from that secret war.

A whole nation as big and powerful as **RUSSIA** was forced to their knees, and the **International Banks** were left out of the picture.

One U.S. **Central Bank** leader was reported to have lamented, "We've lost control. Everything is out of control."

HAARP is the first worldly force since 1776 that affected war and peace, that was **not** under the control of the **International Banks**. Something new is happening.

KEEP WATCHING

*Will the U.S.A.F. admit what they are doing with **HAARP**? No. Some might*

lose their jobs. Some might lose their heads.

Will our President admit it? No. Not until it is politically correct.

Will our Congress admit it? No. They don't know anything about it, yet.

*Will the **RUSSIANS** admit it? No. Not yet. Most **RUSSIANS** don't know anything about it, yet.*

We are living in a time period that bridges the gap between the old age and the new millennium.

What should you do about it? Put your faith hope and trust in JESUS CHRIST, not your government. If you don't, you'll be sorry.

"The trouble with trusting the government is that the government can't be trusted." Miles Monroe

ATHEISTS

And now a word from our sponsor.

I am a Chaplain of the **U.S.** Submarine Veterans of W.W.II. In all my contacts with hundreds of genuine war heroes, I have never met an atheist. They all told me nearly the same story.

We were all young, smart, strong, "know it alls," who thought we had the world on a string. And some few sailors claimed they were atheists. But, after going aboard a submarine - running silent and running deep - there was some time to think things over.

Then the sound of the depth charges came. Next, the explosions were close enough to shake the ship. Where would the next one hit? Would the light of day ever be seen again? Was life over? Verily, verily I say unto you, "There are no atheists on board a submarine during a depth charge attack."

If you say you are an atheist, my prayer for you is that your own personal depth charge attack won't have to happen to you in a jail, or a hospital, or a mortuary.

We young sailors were lucky. We learned our lesson and came home. The opinion of an atheist shall never change the opinion of a veteran submarine sailor.

Learn your lesson and come home.

IN SUMMARY

THE HOLY BIBLE

Matthew 24:27, For as the **lightning** cometh out of the east, and shineth even unto the west; so shall also the coming of the Son of man be.

Jeremiah 10:13, When he uttereth his voice, *there is* a multitude of waters in the heavens, and he causeth the vapours to ascend from the ends of the earth; he maketh **lightnings** with rain, and bringeth forth the wind out of his treasures.

Jeremiah 6:10, To whom shall I speak, and give warning, that they may hear? behold, their ear *is* uncircumcised, and they cannot hearken: behold, the word of the LORD is unto them a reproach; they have no delight in it.

Jeremiah 14:22, Are there *any* among the vanities of the Gentiles that can cause rain? or can the heavens give showers? *art* not thou he, O LORD our God? therefore we will wait upon thee: for thou hast made all these *things*.

Jeremiah 14:15, Therefore thus saith the LORD concerning the prophets that prophesy in my name, and I sent them not, yet they say, Sword and famine shall **not** be in this land; By sword and famine shall those prophets be consumed.

Jeremiah 9:15, Therefore thus saith the LORD of hosts, the God of Israel; Behold, I will feed them, *even* this people, with **wormwood (Chernobyl)**, and give them water of gall to drink.

Jeremiah 8:13, I will surely consume them, saith the LORD: *there shall be* no grapes on the vine, nor figs on the fig tree, and the

leaf shall fade; and *the things that* I have given them shall pass away from them.

Esther 4:14, For if thou altogether holdest thy peace at this time, *then* shall there enlargement and deliverance arise to the Jews from **another** place; but thou and thy father's house shall be destroyed: and **who knoweth whether thou art come to the kingdom for *such* a time as this? (KJV)**

Ecclesiastes 12:12-13, Of making many books *there is* no end; and much study *is* a weariness of the flesh. Let us hear the conclusion of the whole matter: Fear God, and keep his commandments: for this *is* the whole duty of man.

"He is tramping out the vintage where the grapes of wrath are stored.

His truth is marching on."

+++++

THE MAN

David Ebaugh applies the tools of his former occupation, engineering, to cast a penetrating light on **BIBLE** prophecy. His views and insights are novel.

Ebaugh started teaching the **BIBLE** on a part-time basis in 1960, when he first began to notice the double and parallel key to the book of Revelation, which has opened many other doors to scripture.

In 1968 he left his profession of Electronic Engineering to devote full-time to **BIBLE** study and teaching. He was ordained to the ministry in 1972.

Formerly a submarine sailor, presently a private airplane pilot, Ebaugh received engineering training from the US Navy, and received his engineering diploma from the Institute of Electrical and Electronic Engineers in NYC. He has made significant inventions in typewriters for IBM. He set up production lines for missiles, and flight simulators for an Aerospace company.

Ebaugh is a senior member of :

- American Society of Tool and Manufacturing Engineers,
- Institute of Electrical and Electronic Engineers,
- Society of American Value Engineers,
- Institute of Industrial Engineers.

Ebaugh graduated from the Shortridge **BIBLE** School in 1947. His full financial support has come from **BIBLE** teaching since 1968.

David Ebaugh and Betty LeTourneau were married in 1950. They have four children and ten grandchildren.

Ebaugh's biographical record appears in Marquis:

1. WHO'S WHO IN FINANCE AND INDUSTRY,
2. WHO'S WHO IN THE EAST, and
3. WHO'S WHO IN RELIGION.

=====

THE SCHOOL

The DAVID EBAUGH **BIBLE** SCHOOL features the teachings of its founder David Ebaugh.

It is made up of thousands of students who actively search the **BIBLE** for ideas

that uncover the enigma of the Christian life using Ebaugh's audio and video cassettes, and books, and lectures. The school has no bricks and mortar, but operates mainly by mail. Ebaugh travels extensively, lecturing throughout the US, and occasionally in foreign countries.

Presently, there are five main areas of investigation into the scriptures:

- SPIRIT, SOUL and BODY,
- NAMES OF GOD,
- LAW OR GRACE,
- REVELATION PROPHECY,
- IMMORTALITY.

The scriptures are probed and examined in an effort to produce attitude changes that prepare the student for the manifestation of the Sons of God.

Theology is examined from many sources which include, but are not limited to the ethos of:

- Fundamental,
- Evangelical,
- Pentecostal, and
- Charismatic beliefs.

Emphasis is placed on the differences in translations from Hebrew and/or Greek to English, and how this affects our understanding of the **BIBLE**.

Faith in God, belief in Jesus Christ, and sensitivity to the leading of the Holy Spirit are all emphasized. The school believes that the Holy **BIBLE** contains patterns and ideas that are supreme and are the final authority. They are the

answers to the problems of life. **BIBLE** study without the anointing of the Holy Spirit is like a valley of dry bones. With the anointing of the Holy Spirit, **BIBLE** Study brings life.

The school expands due to word of mouth recommendations of the students. There have been no fund raising efforts, yet.

A publication named the **MONARCH** is mailed free to all students. The mailing list is never sold or rented for any reason.

The cassette tape lessons were made during actual live teaching sessions in:

1. Hershey,
2. Baltimore,
3. West Chester,
4. Washington, DC,
5. Harrisburg, and many other locations.

Material was edited and combined into a final teaching cassette. This method preserves the move of the Holy Spirit during the meeting/lecture while providing the best delivery on selected subjects.

When possible, books and/or videos are produced on the subject. The **MONARCH** monthly publication covers all subjects in detail and is mailed free.

Students purchase audio and video cassettes, and books.

One book of each title is given free on the request of anyone who needs financial assistance.

Even though we have never asked anyone for any money in over 30 years, this ministry does not exist apart from the gifts of the students, readers, and friends.

**DAVID EBAUGH BIBLE SCHOOL
102 PARK TERRACE
HARRISBURG PA 17111**

+++++

This following article is an edited reprint from our publication named **MONARCH**.

We happily give the **MONARCH** to you as often as we can.

HAARP LIGHTNING

FIRST COMING OF CHRIST

Most of the world is celebrating the First Coming of Christ as a babe in a manger, and they should. To celebrate His First Coming my Christmas present to you is this **MONARCH** on **HAARP**.

HAARP is an acronym for the High - frequency Active Auroral Research Program of the **U.S.A.F.** It is part of the **Star Wars**, also known as the Strategic Defense Initiative (acronym **S.D.I.**).

You may need to find some time to read this over carefully while you can concentrate on it. There is a good possibility that there will be many distractions that will make it hard to get much out of this. A quick read probably won't do you much good.

There is nothing like this **HAARP MONARCH** on earth. These details may bring life for you out of death.

BELIEVE

Most of my friends believe that our **GOD** is in control, and everything is happening according to a great plan that was developed more than 6000 years ago; and was delivered, in parts, and at

different times, to many different prophets of **GOD**. I believe that, too.

INTRODUCTION

"He has loosed the fateful **LIGHTNING** of his terrible swift sword." Most people will recognize the first stanza of Julia Ward Howe's **BATTLE HYMN OF THE REPUBLIC**. It's rather prophetic.

LIGHTNING

After listening to the lectures the United States Air Force (acronym **U.S.A.F.**) representatives gave in Alaska, I decided that there is evidence that a **U.S.A.F.** program called **HAARP** has developed a way to bring lightning bolts down from the sky upon selected targets on earth. **HAARP** is a weapon of war like no other.

HAARP has already been used to short (shunt) the massive natural electric current in the **ionosphere**, then superimpose the current on natural **Red Sprites** and **Blue Jets**, and direct it as a massive lightning storm at selected targets on the earth.

Our **GOD** provided miracles so that I personally visited **HAARP** and talked directly with the scientists face to face. I held critical **HAARP** parts in my hands for examination.

I am an engineer with training in electronics, radio, T.V., computers, submarines, space, and rocket science. **GOD** gave me the wisdom, knowledge, and 20 years experience to help you

identify **HAARP** questions and tie the solutions into Bible prophecy. Presently I am a Bible student and Bible teacher.

GREAT WONDERS

Our companion report titled **GREAT WONDERS** demonstrates that the **United States Air Force** has already used **HAARP** to defeat **RUSSIA** and eliminate Communism.

A lengthy historical outline is presented in **GREAT WONDERS** to identify the timing of the “window of opportunity” wherein **HAARP** lightning bolts were used to force **RUSSIA** to capitulate to our demands. You will have to send for the report titled **GREAT WONDERS**.

The title of the report **GREAT WONDERS** is adapted from this title scripture.

And he doeth great wonders, so that he maketh (lightning) fire come down from heaven on the earth in the sight of men. (Revelation 13:13)

Our report **GREAT WONDERS** is 95 pages, 8 1/2 by 11 inches. It is big, important, and may save your natural life.

MONEY AND GOVERNMENT

The willingness of our government to spend massive amounts of money on **HAARP** is because **HAARP** has already demonstrated its effective use as a space war weapon. **HAARP** is a government

covert operation about which you must become informed.

STOP WARS

BIBLE prophecy demonstrates that **HAARP** will eventually be used to **STOP WARS**. The book of Revelation and its frightening prophecies show how **HAARP** will defeat the Central Banks (and the International Monetary Fund) and will eventually eliminate the evil **USURY** system from the earth.

There are unsafe conditions and unsafe **HAARP** operations in Alaska.

Science and theology are refreshingly integrated in this view of **HAARP**.

THE SECOND COMING OF CHRIST

My present overwhelming interest is the Second Coming of Christ. As you already know, the Second Coming of Christ is accompanied by lightning.

LIGHTNING AND THE SECOND COMING OF CHRIST

For as the lightning cometh out of the east, and shineth even unto the west; so shall also the coming of the Son of man be. (Matthew 24:27)

For as the lightning, that lighteneth out of the one part under heaven, shineth unto the other part under heaven; so shall also the Son of man be in his day. (Luke 17:24)

And the angel took the censer, and filled it with fire of the altar, and cast it into the earth: and there were voices, and thunderings, and lightnings, and an earthquake. (Revelation 8:5)

And the temple of God was opened in heaven, and there was seen in his temple the ark of his testament: and there were lightnings, and voices, and thunderings, and an earthquake, and great hail. (Revelation 11:19)

NOAH AND LOT AT THE SECOND COMING OF CHRIST

The **Second Coming** of Christ is likened to the time of NOAH and the time of LOT. (Luke 17:26-30) They were **not** removed from the earth, they were saved from the destruction. NOAH and LOT both went through tribulation and NOAH inherited the whole earth. NOAH built an ark in the physical realm that provided physical salvation for himself and family.

A SECOND NOAH?

I wonder if a second NOAH is prophesied in the scriptures? A second NOAH to help us get through the coming tribulation? Is that a new idea? We already know of a second Adam. Jesus said that John the Baptist was a second Elijah. How about a second NOAH? Someone to build something in the physical realm that will provide an ark of safety for us so we can overcome the effects of the coming tribulation?

You are my second NOAH. You, my faithful student, friend and supporter, have already provided salvation for me and my family in the physical realm by your gifts. You are a second NOAH to me. Thank you.

Perhaps this **MONARCH** on **HAARP** may be the start of an ark of safety for you and for your family. I may become a second NOAH to you as I add my technical knowledge to the facts already discovered and listed in our **HAARP** report titled **GREAT WONDERS**.

THE SECOND COMING LIKE NOAH

JESUS told us that His Second Coming will be like the days of NOAH. I wonder if the days of NOAH will be **exactly** like the Second Coming or if those days will be **somewhat** like the Second Coming? NOAH's family needed him to help protect them from water damage. He did. Humanity was saved physically. JESUS said it would be like that at the time of His Second Coming.

NO MORE FLOODS

But, God wouldn't allow another flood to destroy the earth.

And I will establish my covenant with you; neither shall all flesh be cut off any more by the waters of a flood; neither shall there any more be a flood to destroy the earth. (Genesis 9:11)

The next great destruction will be with lightning fire, thunder, hail, and a great earthquake -- not water.

In addition to NOAH we had better study LOT. LOT opened his home to angels of God. We had better follow the patterns.

LIKEWISE IN THE DAYS OF LOT
Likewise also as it was in the days of Lot; they did eat, they drank, they bought, they sold, they planted, they builded;
But the same day that Lot went out of Sodom it rained (lightning) fire and brimstone from heaven, and destroyed them all. (Luke 17:28-29)

NOW RUSSIA ALSO HAS THE HAARP

Recent reports indicate that RUSSIA may also have the **HAARP** weapon. We can easily see that **HAARP** lightning will be the newest weapon of choice between the two great super powers, the U.S.A. and RUSSIA.

The **HAARP lightning** has already come from the U.S.A. which is **east** of Russia and struck Russia which is **west** of the U.S.A., like the Bible said, “lightning cometh out of the **east**, and shineth even unto the **west**.”

There is a good chance the Russians will retaliate with their new **HAARP lightning**. That is when you may need physical protection for yourself, your family, and your house.

LIGHTNING RODS

Study lightning rods. As a boat was an ark of safety in the past - lightning rods may provide you with the ark of safety in

the future lightning wars. You may soon need to protect your house from lightning fire damage.

My high honor would be to give you information in bilateral love that may protect you. It may also save you in the physical realm.

OLD FASHIONED LIGHTNING RODS

Old lightning rods were little vertical spikes that were fastened down the length of the crown of your roof and other high spots on the house or barn. That old way draws the lightning too close to your house. Many old church steeples are drawing lightning to their tinder box frames rather than repelling lightning away. Newspapers often feature pictures of church steeple fires, started by lightning even though they had old types of lightning rods. A change is necessary.

NEW MODERN LIGHTNING PROTECTION

The new lightning rod is a strong metal, firm, self supporting T.V. tower, installed about 6 feet away from your house. It has big wires connecting it at the base to three 6 to 12 foot ground rods, pounded into the ground. To lower the cost it may have a single vertical rod with a sharp pointed top (for corona discharge) reaching into the air about 7 feet higher above the support tower,

There are **NO** guy wires. Guy wires lead lightning back into your house,

especially if one is fastened to the corner or crown of your house.

HOW TALL?

How high? It depends on how much area you want to protect.

Here is how to find how high your tower should be to protect your house from lightning. You will have to use your imagination.

Place an imaginary inverted funnel on the top of the uppermost vertical rod. Now draw a line starting at the very top at a 45 degree angle from the vertical rod. As you view the tower you will see an imaginary inverted funnel with 45 degree sides setting over the top of the whole array.

CONE OF PROTECTION

Lightning that normally would destructively strike the corner of your house will be diverted by the change in the electrostatic field produced by your new tower. The LIGHTNING will strike the top of the tower -- not your house.

Everything under the imaginary cone is protected from lightning strokes. Things outside the extended lines of the imaginary cone aren't protected from lightning.

THE FORMULA

If the farthest point of your house is 50 feet from the new tower, and the height above ground of the furthest corner is 20 feet, then the total height of your tower and rod must be at least $50 + 20 = 70$ feet.

Just to be conservative and safe, I recommend adding a safety factor of another 7 feet. That would make the tower and rod 77 feet from the base of the tower on the ground to the sharp pointed rod top, in that case.

Want to protect a garage or some outbuilding also with the same tower? OK. The same formula holds. Measure the distance from the tower to the farthest point of the outbuilding. Add the height of the farthest protected upper corner of your building. Add a 7 foot safety factor. Make your tower and rod combination at least that high.

Get a good contractor to install your tower. Follow all building codes and check with your local building inspector. Check on ROHN RTP series, self supporting towers, 40 to 190 feet. Also check on flag poles to see what is best for you.

DON'T GOOF UP

Don't stand around on the ground outside in a lightning storm looking at the fantastic displays just because you think you are protected under the imaginary cone. There are too many variables. Get inside and pray. You know that there are attack attorneys who would sue me for giving this advice if something goes wrong. So I must add; get professional help because I can't be responsible for every strange circumstance.

I LOVE YOU

One reason I love you is because your gifts saved us here in the physical realm. Thank you. I hope this **MONARCH** will do the same for you.

If you don't get the witness, don't bother with this report. If you do, you better.

ORDER YOUR COPY OF THE NEW REPORT ON HAARP LIGHTNING AND THE BIBLE TITLED GREAT WONDERS. HAARP LIGHTNING

The report you need is 95 pages, 8 1/2 by 11 inches. It is fantastic. It seems impossible. It's worth your time. It may save your life. Read your Bible and this pre-publication manuscript.

The cost. \$9.50 plus \$2.50 shipping and handling for a total offering of \$12.00.

Send your name, address, zip code, and some money. If you don't mind we would like to also have your phone

number too. Sometimes we need it to clear something up.

Our books are free to anyone who wants them but can't afford them. Write and ask.

Have you received your new catalog from us? Lots of new stuff.

We do **not** make enough from the sales of our materials to provide our necessities of life.

This unique ministry does **not** exist apart from the gifts of our friends, readers, students, and sponsors.

Contributions are income tax deductible, **IRS, IAOGI, GEN:1621.**

Thank you.
