

Jesus was a Roman Citizen

Just one more thing.

Luke 2:1 says that Augustus ordered a census of All Roman citizens. Joseph went to the city of David because he had to. Not because he wanted to. He had to because he was a Roman citizen.

Therefore: Jesus was also a Roman citizen. Scourging and crucifixion were forbidden to be used on Roman citizens.

Jesus could have stopped the whole thing by simply saying he was a Roman citizen. But he went willingly.
