**SUPPLEMENT TO MONARCH**  
**IRAQ & KUWAIT WAR**  
**MORE UNVEILED**  
Nov. Dec. 90, Jan. 91

**WELL AGAIN**

Praise our GOD! I'm well again. Well, almost. In January I had a bad fall on the ice in Pittsburgh. My head, rib, hip and back were hurt (compression fracture of the vertebra). It knocked the wind out of me and I had a little trouble breathing for a few months.

**PITTSBURGH MEETING**

Colonel Speed Wilson substituted at the church for me Saturday. The church prayed for me but it still hurt, bad. Some church people furnished me with some powerful pain killers so I took them and finished the Bible teaching on Sunday.

**FLORIDA MEETING**

The next week my doctor gave me some other pain killers which I took and then completed my Bible teaching schedule in Florida the following week. That wasn't the smartest thing to do. I didn't do too well with the drugs so I stopped taking them.

**WORK STOPPED**

But, I couldn't do any work for the next two months because of the pain. I was already about two months behind in my mail opening and letter reading when the fall happened so now you can see how far behind I became with the work.

**WHERE'S MY MONARCH?**

The last free MONARCH was sent last October. Some people have written and called saying, "Where's my MONARCH?" The answer is I didn't send it because I couldn't. I do mail free MONARCHS when I can. Sometimes I can't because of finances or work schedule. This time it was infirmity.

**NEW PHONE ANSWERING MACHINE**

My doctor prescribed an answering machine for our telephone. He thought I was "internalizing" the problems of too many callers. But, I argued that I had the advantage of laying the problems at the feet of JESUS after I prayed with the callers. It looks like he was right and I have more to learn. I return calls when I can.

**BACK TO WORK**

Now it's almost over. I'm back at work 16 hours a day. Praise our GOD.

Proverbs 24:16, "For a just man falleth seven times, and riseth up again..."

I'm up and well again. Well, almost. Praise our GOD!

**DESERT STORM IS NOT THE IRAQ WAR**  
The enclosed MONARCH, IRAQ & KUWAIT WAR MORE UNVEILED (Nov. Dec. 90, Jan. 1991), was written and printed before the DESERT STORM GROUND WAR. It's got a lot of good stuff in it, but if a person doesn't see that the DESERT STORM is not the same as the IRAQ/BABYLON WAR then it raises too many questions.

**CONTRADISTINCTION**

A student will notice the contradistinction between DESERT STORM which freed KUWAIT from IRAQ occupation and the IRAQ/BABYLON WAR which is yet to come as prophesied in the Bible.

The IRAQ/BABYLON WAR will be fought in IRAQ and IRAQ will be completely destroyed. DESERT STORM was fought in KUWAIT (not IRAQ) and our President Bush surprisingly ordered our troops to stop the fight while they were still on the SOUTHERN border of IRAQ. This set the stage for the IRAQ/BABYLON WAR now that our troops have moved from the southern border of KUWAIT to the southern border of IRAQ. DESERT STORM was not the IRAQ/BABYLON war. Also, the IRAQ/BABYLON WAR is not the coming BATTLE OF JEHOSHAPHAT. And the BATTLE OF JEHOSHAPHAT is not the following BATTLE OF ARMAGEDDON. Each sets the stage for the next.

**LOOK AT THE BURNING BUSH**

Politicians are now wondering out loud if President Bush made a wise decision to stop the war when he did. The KURDish problem has intensified the political questions. I think Moses had his BURNING BUSH and we have our BURNING BUSH, and they are both a part of the great plan of God.

### NOBODY'S PERFECT

My mistake was in saying that I didn't believe that we would lose any American lives in the IRAQ/BABYLON war. (It wasn't a prophecy.) This caused confusion (even though it was right) because 129 were killed and over 200 were wounded in the combined AIR WAR and the DESERT STORM GROUND WAR. They weren't killed or wounded in the IRAQ/BABYLON WAR which is yet to come but the DESERT STORM confused the issues.

### ONE HUNDRED TWENTY NINE GOLD STARS

Some analysts have written to say that they believe 129 KIA was an insignificant number, as far as war is concerned - especially when compared with IRAQ's losses. I believe no bereaved family feels the loss was insignificant. But the analysts have a good point as far as war is concerned.

### PEACEFUL AMERICA?

The media reported that more people were killed in a certain major American city during the same 100 hour period. That is little comfort for the bereaved families, but in the future it will make a powerful subject for the writers of war history. It was safer to be in DESERT STORM than to try to live in a major American city. Some people think that makes DESERT STORM a modern day miracle. I'm inclined to agree.

### AIR WAR or GROUND WAR

Adding to the confusion is the difference between the AIR WAR and the GROUND WAR. My nice nephew phoned me to point out that the word "NORTH" may not mean the direction on the compass. It may mean the attack would come from the "HIDDEN or DARK," like the STRONG'S CONCORDANCE says "NORTH" can sometimes mean. I had not noticed that before, so I checked it out and he's right.

Changing "NORTH" to "HIDDEN OR DARK" makes the Bible prophecy sound like our air strikes in the dark of night. And strangely, that's when SCUDS and PATRIOTS were also launched. The AIR WAR may be described by the translator's use of the word "NORTH" for "HIDDEN and/or DARK" in Jeremiah 50:3, 9, 41, 51:48.

### A FIERY FLYING SERPENT

And the SCUD and PATRIOT missiles may be described in Isaiah 14:29 "For out of the serpent's root shall come forth a cockatrice, and his fruit shall be a fiery flying serpent." TV pictures of PATRIOT intercepts of SCUDS do look like FIERY FLYING SERPENTS. (Also see Isaiah 13 & 14 and Jeremiah 50 & 51)

### FROM THE NORTH

The annihilation attack against IRAQ will come from the NORTH (not south where our people are). I suspect TURKEY from the NORTH. But, the KURDS in the NORTH can't be ruled out, either. And we can't rule out the idea that the annihilation attack may come from the AIR WAR in the HIDDEN DARKNESS OF THE NIGHT. Maybe they are all involved.

### TO SEND OR NOT TO SEND

I did a lot of soul searching before I decided to mail this MONARCH. On one hand I saw that it could cause some confusion. On the other I saw that astute students would not be confused. This is still a real good MONARCH full of important things.

### PROFITABLE OR UNPROFITABLE?

Betty said that the study about the IRAQ/BABYLON WAR was like it was when I studied about the pyramid. I uncovered some pretty fantastic things in both studies, but they didn't lead anywhere. Neither the pyramid nor the IRAQ/BABYLON WAR study have told us what (or what not) to do. I agree with Betty. I don't want to write about the pyramid because many others have already done a good job. Now, our mailbox has filled up with advertisements for new books about the Bible and the IRAQ/BABYLON WAR. I don't feel that I can improve on the books but this free MONARCH has some relevant facts that I've not read in any new books or articles.

### NAMES OF GOD

Some students have said I'm uniquely qualified to write a book about the NAMES OF GOD, and I think they are right. So that's what I'm doing now, as I get time.

The slip and fall has resulted in a redirection of my Bible study from the IRAQ/BABYLON WAR back to the NAMES OF GOD. I would rather be led by the gentle nudge of the shepherd's staff but there seem to be times when I need the powerful smack of God's long but loving two by four.

### PREDESTINATION

The slip and fall reminds me of the joke about the Presbyterian who fell down the church steps just after hearing his preacher deliver an eloquent teaching on predestination. The hurting fellow got up, looked at his astonished preacher and said, "Well preacher, I'm glad that part is over."

I need lots of prayer for lots of things. Really.
